**Defending Due Process** Brandon L. Garrett,2024-11-13 We all feel unfairness

deeply when treated in rash ways We expect and the law requires that government officials take fairness seriously giving notice and an opportunity to be heard before taking our rights away That is why the U S Constitution commands twice that no one shall be deprived of life liberty or property without due process of law Yet in overheated debates people argue that others do not deserve any presumption of innocence In courtrooms and colleges police stations and jails restaurants and libraries print and online the democratic value of due process is up for grabs Why is process under so much pressure Brandon Garrett exposes widening fault lines One division lies within our own attitudes and he explores why we are tempted to put desired outcomes before fair process Another lies in government as judges adopt toothless due process rules People are trapped in debt for unpaid traffic fines sheriffs seize and forfeit belongings algorithms suspend teachers employment officials use flawed data to cancel healthcare and magistrates order arrestees jailed because they cannot pay cash bail Meanwhile the rise of AI threatens what remains of due process with black box technology To fight against such unfairness lawyers try to challenge unjust systems researchers demonstrate why such processes are so counterproductive and lawmakers try to enact new protections Common ground matters now more than ever to mend political polarization cool simmering distrust of government prevent counterproductive errors and safeguard constitutional rights A revival of due process is long overdue
