Tough Questions About God and His Actions in the Old Testament Walter Kaiser,2015 Practical scriptural discussions of tough topics such as polygamy genocide and the role of women in the Old Testament The God of the Old Testament can seem very foreign to Christians His actions appear to starkly contrast with the God of grace in the New Testament and with modern notions of justice and propriety In this short volume Old Testament scholar Walter Kaiser devotes each chapter to a different difficult subject including creation the wrath of God the genocide of the Canaanites God s knowledge of the future polygamy Satan the view of women and application of the Old Testament law He addresses each topic in a practical accessible tone with pastoral insight and humor consistently focusing on the Scriptures The reader will find that there are not two different gods in the Bible and that the Old Testament is not an antique artifact that should now be jettisoned from Christianity The Old Testament and the God it depicts is One with the God and Father of our Lord Jesus Christ His actions when properly understood are not at variance with the New Testament rather a view of the beautiful unity in the Bible as a whole will strengthen the church s faith and aid in Christian witness and apologetics

Ten Commandments John C. Williams,2012-11 God has given us ten simple rules to follow that we may have life and have it more abundantly From the time He unveiled the Ten Commandments to the children of Israel at Mount Sinai until now God s people have been identified by the fact that they follow His commandments The Ten Commandments are the Christian s code of conduct that separates us from the rest of the world and serves as a barometer of our allegiance to the Creator of the universe Ten Commandments The Christian Code of Conduct examines the commandments of God and how they apply to the Christian life The book also addresses one of the most misunderstood commandments the fourth commandment and the call to observe the biblical Sabbath Many Christians differ on their interpretation of this commandment but through a clear study of the Bible this book points to the truth of the Sabbath and the importance for Christians to follow all ten commandments As the end of the world draws near those who will be ready for Christ s return are those who keep the commandments of God and the faith of Jesus Rev 14 12 May God s followers be found keeping all ten of His commandments
