Metaphysically number 7 is the ever invisible centre the spirit of everything as there exists no body with six lines constituting its form without a seventh being found as the central point in it which is the source and origin of the six Esoterically number 7 symbolises the secondary perfection for it is related only to the manifested planes Whereas the Greek Delta is the vehicle of the unknown Deity Exoterically number 3 became the ideograph of the three material elements air water earth plus number 4 the principle of all that which is neither embodied nor perceptible But this has never been accepted by the real Pythagoreans With the Egyptians number 7 was the symbol of life eternal and this is why the Greek letter Z which is but a double 7 is the initial letter of the verb Z I live and of Zeus Father of all living Interpreted by the Pythagorean Key the 365 days of a solar year read The Earth animated by the Spirit of Life Number 7 interpreted astronomically geometrically and sexually Astronomically number 7 is closely connected with the Atlantides who have become the Seven Pleiades The two are connected with the destinies of nations as shaped by past events according to Karmic law Kartikeya Mars the occult symbol of the cycle of Naros is composed of 600 666 and 777 years Esoterically number 7 is symbolised by two interlaced triangles forming a six pointed star around a central point For Seven is the germ of the six and their matrix In the old Sanskrit works number 6 is mentioned more often than 7 the central position of which is implied by the point that had produced the first line Geometrically 7 is the number of the spiritual man symbolised by the cube unfolding as cross Deity in Man is symbolised by the Tau cross a double glyph Tau is formed from the figure 7 and the Greek letter symbols of divine and earthly life respectively In its terrestrial attachment Tau is the Sun shorn of his beams The days of the solar year correspond with the 7 principles of psychic man and the 7 aspects of the physical man The sexual meaning of the crucifixion nails when numerically interpreted explain how number 6 became 7 The position of the three nails into the crucified s extremities and on the cross form the corners of a triangle facing down The three nails with the three wounds are in number 6 which denotes the 6 faces of the cube when unfolded When the feet are separated the three wounds become four forming a square and thus the number of the crucified 3 4 become 7 a most holy number And when 3 and 4 kiss each other they form the Procrustean bed of torture where Prometheus is crucified While 7 is the feminine number of pristine purity 9 is the number of the phallic or male energy But the Jews made of number 7 a feminine number of generation thus introducing the phallic element into religion 777 is the isopsephic value of the Cross and symbol of the Kosmic Man Radiating from a Pyramid of Heavenly Stars 777 enlightens the inferior worlds The mundane cross is the oldest phallic symbol of the dual generative power not the instrument of the alleged crucifixion Jesus was crucified by his own Church not by Scripture Christos is the Man God of Plato who crucifies himself for an eternity in the darkness of matter in order to redeem the Spirit of Truth from the clutches of untruth and self deceit The Fathers have falsified Jesus last words and made him a victim of his own success The paronomastic terms Chr stos and Christos are linked astrologically a double pun Scorpio is Chr stos in humiliation Leo Christos in triumph Christos is the eternal real Individuality or universal Altruism whereas Jesus Chr stos is the mortal man who by crucifying the man of flesh

and his passions on the Procrustean bed of torture is reborn Immortal and leaves the animal man behind him tied on the Cross of Initiation like an empty chrysalis Then his Higher Soul becomes as free as a butterfly Christos is the God in Space and Man s Saviour on Earth What is the meaning of Moses beseeching the Lord to show him his glory A grotesque verse from Exodus interpreted esoterically Why Moses and Jehovah are in numerical harmony Because the number of Moses is that of I am That I am i e 345 The number of Jehovah is 543 the reverse of 345 Number 8 symbolises the regular Kosmic breathing overseen by eight gods Number 8 also symbolises the equality of units order and symmetry in heaven transformed into inequality and confusion on earth by man s intense selfishness and rebellion against Nature s decrees If number 6 was the symbol of our globe ready to be animated by a divine spirit number 9 is the symbol of our globe informed by an evil spirit 888 is the Gnostic and Kabbalistic number of Jesus and also the tripartite division of a solar day When the back parts of Moses and his face are added up we have 888 which is the Gnostic Kabbalistic name of Jesus The main purpose of this system of number checks was to preserve in perpetuity the exact value of the Lunar Year in the natural measure of days The Semites seem to have had no higher purpose in life than that of procreating their species Jewish Deity is proved to be at best only the manifested duad never the One Absolute ALL The Jews had no aspirations towards the Ideal
