Antonello's Lion Steve Katz, 2005 In his first novel since Swanny's Ways Steve Katz takes another look at the failure of Humanism in the West through the lens of the great Sicilian master Antonello da Messina A father and son who have never met both set out on quests for meaning in their lives The father is obsessed with Antonello and convinced he can find what he thinks is a lost painting of St Francis He gets lost on the way and disappears The son becomes obsessed with finding out what happened to the father and his discoveries are more than he can absorb This is a double picaresque that takes turns through fantasy sexual follies and wild historical and philosophical speculations The frail positionings of order in art are played against the background of contemporary chaos
