Ten Times Black:

Legitimacy in the Modern State John H. Schaar, 1981-01-01 This analysis of the concept of authority in Western society constitutes a central work in political sociology and a fundamental critique of the process of modernization Schaar proposes that legitimate authority is declining in the modern state Law and order in a very real sense is the basic political issue of our time one that conservatives have understood with greater clarity than their liberal adversaries Schaar sees what were once authoritative institutions and ideas yielding to technological and bureaucratic orders The later brings physical comfort and a sense of collective power but does not provide political liberty or moral autonomy As a result he argues all modern states exhibiting this transformation of authority into technology are well advanced along the path of a crisis of legitimacy

The Epic Trickster in American Literature Gregory E. Rutledge, 2013-04-26 Just as Africa and the West have traditionally fit into binaries of Darkness Enlightenment Savage Modern Ugly Beautiful and Ritual Art among others much of Western cultural production rests upon the archetypal binary of Trickster Epic with trickster aesthetics and commensurate cultural forms characterizing Africa Challenging this binary and the exceptionalism that underlies anti-hegemonic efforts even today this book begins with the scholarly foundations that mapped out African trickster continuities in the United States and excavated the aesthetics of traditional African epic performances Rutledge locates trickster-like capacities within the epic hero archetype the epic trickster paradigm and constructs an Homeric Diaspora which is to say that the modern Homeric performance foundation lies at an absolute time and distance away from the ancient storytelling performance needed to understand the cautionary aesthetic inseparable from epic potential As traditional epic performances demonstrate unchecked epic trickster dynamism anticipates not only brutal imperialism and creative diversity but the greatest threat to everyone an eco-apocalypse Relying

upon the preeminent scholarship on African American trickster heroes traditional African heroic performances and cultural studies approaches to Greco Roman epics Rutledge traces the epic trickster aesthetic through three seminal African American novels keenly attuned to the American Homeric Diaspora Charles Chesnutt s *The Marrow of Tradition* Richard Wright s *Native Son* and Toni Morrison s *Beloved* **Assembly** West Point Association of Graduates (Organization).,2008
