Tennis! John Snyder,1993 Fourth in our phenomenally successful series of engaging ball shaped sports trivia books this title serves up fascinating facts on 200 players male and female amateur and pro spanning more than a century of tournament competition The Tennis Sourcebook Dennis J. Phillips,1995 Contains an unprecedented amount of information sources on the sport of tennis its personalities as well as its rich and colorful history The Publishers Weekly ,1993 **American Book Publishing Record** ,1997 *Forthcoming Books* Rose Arny,1994-04 A History of Inspiration through Metaphors of Learning Robert Nelson,2022-06-23 In this book Robert Nelson reminds us that one of the most important elements of teaching and learning is to inspire and to be inspired Given that inspiration itself has evolved through metaphor the inquiry distinguishes inspirational learning by its peculiarly metaphoric character We acknowledge that students respond to passion and enthusiasm that they seek stimulation purpose motivation and inspiration But because these triggers operate through mysterious language and arrive at their modern usage through metaphor we have no means of penetrating their structure or gaining access to their powers We mishandle educational practice through a focus on technical process and machinery rather than the imaginary animating vision that propagates inspired study through metaphor This book corrects the imbalance and argues that metaphors are intrinsic to all our educational ambitions It reveals the wide metaphorical backdrop of learning and teaching that works on an unconscious level and is only revealed through analysing the language that describes what matters most Inviting readers to explore learning in a non traditional way this book will be of interest to researchers and students in education seeking to understand better the nature of inspiration Sports Fan's Connection ,1992 Get in touch with leading sources of sports information in the United States with the help of this Gale resource Included is information about US leagues teams organizations associations colleges halls of fame events media books videos and publications *The New York Times Index* ,2006 **The New York Times Book Review** ,1985 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback *The New American Sport History* S. W. Pope,1997 In this collection sixteen scholars explore topics as diverse as the historical debate over black athletic superiority the selling of sport in society the eroticism of athletic activity sexual fears of women athletes and the marketing of the marathon In line with the changing nature of sport history as a field of study the essays focus less on traditional topics and more on themes of class gender race ethnicity and national identity which also define the larger parameters of social and cultural history It is the first anthology to situation sport history within the broader fields of social history and cultural studies Contributors are Melvin L Adelman William J Baker Pamela L Cooper Mark Dyreson Gerald R Gems Elliott J Gorn Allen Guttmann Stephen H Hardy Peter Levine Donald J Mrozek Michael Oriard S W Pope Benjamin G Rader Steven A Riess Nancy L Struna and David K Wiggins *The New York Times Magazine* ,1998-05 *The Herald* ,2011 **The Best Place to Work** Ron
