

The Now-Classic Critique of Contemporary Academic Life

ROGER KIMBALL

TENURED RADICALS

*How Politics Has Corrupted
Our Higher Education*

THIRD EDITION, WITH A NEW
INTRODUCTION BY THE AUTHOR

"A withering critique."

—Jonathan Yardley, *Washington Post Book World*

"Mr. Kimball names his enemies precisely.
... This book will breed fistfights."

—Roger Rosenblatt, *New York Times Book Review*

Tenured Radicals

G Orfield

Tenured Radicals:

Tenured Radicals Roger Kimball, 1990 Since *Tenured Radicals* first appeared in 1990 it has achieved the status of a minor classic Trenchant and witty it lays bare the sham of what now passes for serious teaching and research in the humanities at American universities Mr Kimball names his enemies precisely This book will breed fistfights Roger Rosenblatt New York Times Book Review All persons serious about education should see it Allan Bloom author of *The Closing of the American Mind* *Tenured Radicals* Roger Kimball, 2008 Since *Tenured Radicals* first appeared in 1990 it has achieved a stature as the leading critique of the ways in which the humanities are now taught and studied at American universities Trenchant and witty it lays bare the sham of what now passes for serious academic pursuit in too many circles In this new edition completely reset Roger Kimball has brought the text up to date and has added a new Introduction Those who have never read *Tenured Radicals* are in for a treat others may find a second reading worth their while Mr Kimball names his enemies precisely This book will breed fistfights Roger Rosenblatt New York Times Book Review All persons serious about education should see it Allan Bloom author of *The Closing of the American Mind* *Tenured Radicals* is a withering critique Jonathan Yardley Washington Post Book World A bravado performance of critical journalism a vivid up to the minute account alternately amusing and dismaying of the takeover of the academy by ideology Robert Alter Newsday A stinging account The commonsense approach of *Tenured Radicals* provokes constant reflections and occasional laughter at the squirming victims Roger Shattuck author of *The Banquet Years* *Manifesto of a Tenured Radical* Cary Nelson, 1997-04-01 In an age when innovative scholarly work is at an all time high the academy itself is being rocked by structural change Funding is plummeting Tenure increasingly seems a prospect for only the elite few Ph D s are going begging for even adjunct work Into this tumult steps Cary Nelson with a no holds barred account of recent developments in higher education Eloquent and witty *Manifesto of a Tenured Radical* urges academics to apply the theoretical advances of the last twenty years to an analysis of their own practices and standards of behavior In the process Nelson offers a devastating critique of current inequities and a detailed proposal for change in the form of A Twelve Step Program for Academia **Tenured Radicals, Revised** Roger Kimball, 1998-05 Since *Tenured Radicals* first appeared in 1990 it has achieved the status of a minor classic Trenchant and witty it lays bare the sham of what now passes for serious teaching and research in the humanities at American universities Mr Kimball names his enemies precisely This book will breed fistfights Roger Rosenblatt New York Times Book Review All persons serious about education should see it Allan Bloom author of *The Closing of the American Mind* *Borderless Borders* Frank Bonilla, 2010 Over the past several decades Latinos in the United States have emerged as strategic actors in major processes of social transformation *The Ivory Tower Unveiled* Pasquale De Marco, 2025-04-26 Tenure is a system of academic employment that grants certain rights and privileges to faculty members at colleges and universities It is designed to protect academic freedom and ensure the quality of higher education However tenure has also been criticized for being

too rigid and inflexible and for stifling innovation and accountability In *The Ivory Tower Unveiled* Pasquale De Marco takes a critical look at tenure examining its history its impact on academic freedom and its role in the modern university Pasquale De Marco argues that while tenure has played an important role in the development of higher education in the United States it is in need of reform Pasquale De Marco proposes a number of reforms to tenure including making it more difficult to obtain requiring tenured faculty to undergo regular performance reviews and allowing universities to dismiss tenured faculty for cause These reforms Pasquale De Marco argues would help to ensure that tenure is used to protect academic freedom and promote excellence in teaching and research rather than as a guarantee of lifetime employment Pasquale De Marco also discusses the impact of tenure on shared governance the role of tenure in the legal framework of higher education and the importance of tenure in a democratic society Pasquale De Marco concludes by arguing that tenure is still a valuable institution but that it needs to be reformed in order to meet the challenges of the 21st century *The Ivory Tower Unveiled* is a timely and important contribution to the debate over tenure It is essential reading for anyone who is interested in the future of higher education If you like this book write a review on google books

Classics, the Culture Wars, and Beyond Eric Adler, 2016-11-01 Beginning with a short intellectual history of the academic culture wars Eric Adler's book examines popular polemics including those by Allan Bloom and Dinesh D Souza and considers the oddly marginal role of classical studies in these conflicts In presenting a brief history of classics in American education the volume sheds light on the position of the humanities in general Adler dissects three significant controversies from the era the so called AJP affair which supposedly pitted a conservative journal editor against his feminist detractors the brouhaha surrounding Martin Bernal's contentious *Black Athena* project and the dustup associated with Victor Davis Hanson and John Heath's fire breathing jeremiad *Who Killed Homer* He concludes by considering these controversies as a means to end the crisis for classical studies in American education How can the study of antiquity and the humanities thrive in the contemporary academy This book provides workable solutions to end the crisis for classics and for the humanities as well This major work also includes findings from a Web survey of American classical scholars offering the first broadly representative impression of what they think about their discipline and its prospects for the future Adler also conducted numerous in depth interviews with participants in the controversies discussed allowing readers to gain the most reliable information possible about these controversies Those concerned about the liberal arts and the best way to educate young Americans should read this book Accessible and jargon free this narrative of scholarly scandals and their context makes for both enjoyable and thought provoking reading

The Dream and the Nightmare Myron Magnet, 2010-06 Myron Magnet's *The Dream and the Nightmare* argues that the radical transformation of American culture that took place in the 1960s brought today's underclass overwhelmingly urban dismayingly minority into existence Lifestyle experimentation among the white middle class produced often catastrophic changes in attitudes toward marriage and parenting the work ethic and dependency in those at the bottom of the social

ladder and closed down their exits to the middle class Texas Governor George W Bush s presidential campaign has highlighted the continuing importance of The Dream and the Nightmare Bush read the book before his first campaign for governor in 1994 and when he finally met Magnet in 1998 he acknowledged his debt to this work Karl Rove Bush s principal political adviser cites it as a road map to the governor s philosophy of compassionate conservatism **The Scandal of Pleasure** Wendy Steiner,1995 Surveying a wide range of cultural controversies from the Mapplethorpe affair to Salman Rushdie s death sentence Wendy Steiner shows that the fear and outrage they inspired are the result of dangerous misunderstanding about the relationship between art and life 27 halftones Lowering Higher Education James Cote,Anton L. Allahar,2011-01-15 What happens to the liberal arts and science education when universities attempt to sell it as a form of job training In Lowering Higher Education a follow up to their provocative 2007 book Ivory Tower Blues James E C t and Anton L Allahar explore the subverted idea of the university and the forces that have set adrift the mission of these institutions C t and Allahar connect the corporatization of universities to a range of contentious issues within higher education from lowered standards and inflated grades to the overall decline of Humanities Social Sciences and Natural Sciences instruction Lowering Higher Education points to a fundamental disconnect between policymakers who may rarely set foot in contemporary classrooms and the teachers who must implement their educational policies which the authors argue are poorly informed on a daily basis C t and Allahar expose stakeholder misconceptions surrounding the current culture of academic disengagement and supposed power of new technologies to motivate students While outlining what makes the status quo dysfunctional Lowering Higher Education also offers recommendations that have the potential to reinvigorate liberal education The Long March Roger Kimball,2010-09 In The Long March Roger Kimball shows how the cultural revolution of the 1960s and 70s took hold in America lodging in our hearts and minds and in our innermost assumptions about what counts as the good life Kimball believes that the counterculture transformed high culture as well as our everyday life in terms of attitudes toward self and country sex and drugs and manners and morality Believing that this dramatic change cannot be understood apart from the seductive personalities who articulated its goals he intersperses his argument with incisive portraits of the life and thought of Allen Ginsberg Norman Mailer Timothy Leary Susan Sontag Eldridge Cleaver and other cultural revolutionaries who made their mark For all that has been written about the counterculture until now there has not been a chronicle of how this revolutionary movement succeeded and how its ideas helped provoke todays culture wars The Long March fills this gap with a compelling and well informed narrative that is sure to provoke discussion and debate *Radical Son* David Horowitz,2011-12-13 Originally a radical socialist the current driving force behind the rise of the Hollywood right recounts how he moved from one set of political convictions to another over the course of thirty years and challenges readers to consider how they came by their own convictions *The Case for Pragmatic Psychology* Daniel Fishman,2016-04-26 The best method is the one that works Should be read not only by

professional psychologists but by anyone interested in the future of mind related science John Horgan author of *The End of Science* A cursory survey of the field of psychology reveals raging debate among psychologists about the methods goals and significance of the discipline psychology s own version of the science wars The previous unification of the discipline has given way to a proliferation of competing approaches a postmodern carnival of theories and methods that calls into question the positivist psychological tradition Bridging the gap between the traditional and the novel Daniel B Fishman proposes an invigorated hybrid model for the practice of psychology a radical pragmatic reinvention of psychology based on databases of rigorous solution focused case studies In *The Case for Pragmatic Psychology* Fishman demonstrates how pragmatism returns psychology to a focus on contextualized knowledge about particular individuals groups organizations and communities in specific situations sensitive to the complexities and ambiguities of the real world Fishman fleshes out his theory by applying pragmatic psychology to two contemporary psychosocial dilemmas the controversies surrounding the psychotherapy crisis generated by the growth of managed care and the heated culture wars over educational reform Moving with ease from the theoretical to the nuts and bolts of actual psychological intervention programs Fishman proffers a strong argument for a new kind of psychology with far reaching implications for enhancing human services and restructuring public policy

Educating for Democracy in a Changing World Stephen M. Fain, Judith J. Slater, David M. Callejo-Pérez, 2007
Textbook *The Imperiled Academy* Howard Dickman, 1993-01-01 A senior editor of Reader s Digest has assembled nine essays by academics who take aim at multiculturalism and political correctness as undermining the free speech and intellectual purity of American universities Annotation copyright by Book News Inc Portland OR Censorship Derek Jones, 2001-12-01 Censorship A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance Censorship will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression **Love and Death in Lawrence and Foucault** Barry Jeffrey Scherr, 2008 Love and Death in Lawrence and Foucault is the first full length study of Foucault and the Foucaultians not to look at them from a quasi hagiographical perspective The Lawrentian point of view employed here to deal with Foucault and his oeuvre is utterly unique imaginative and efficacious in explicating demystifying Foucaultian theory while at the same time promoting Barry J Scherr s courageous indefatigable project of restoring D H Lawrence to his rightfully and supremely high place in the pantheon of great British literature Rebellious and unconventional yet scholarly and mature Love and Death in Lawrence and Foucault is the bravest and most unorthodox study of Foucault to date It is a worthy addition to Scherr s previous literary

cultural studies D H Lawrence Today and D H Lawrence s Response to Plato A supremely lively incisive lucid and profound critique Love and Death in Lawrence and Foucault is indispensable to students and scholars of Lawrence and Foucault alike

Education Flashpoints Alan J. Singer, 2014-04-24 Drawing on his widely read Huffington Post columns rated one of the top educational blogs in the United States Alan Singer introduces readers to contemporary issues in education in the United States The issues are presented with a point of view and an edge intended to promote widespread classroom debate and discussion Each section opens with a new topical summary essay followed by a series of brief essays updated and adapted from Huffington Post columns The book includes guest contributions guiding questions and responses to essays by teacher education students and teachers to further classroom discussion Education Flashpoints is written in a conversational style that draws readers into a series of debates by presenting issues in a clear and concise manner but also with a touch of irony and a bit of rhetorical bite The topics examined in these essays read like the latest newspaper headlines in the battle to define public education in the United States

Cultural Democracy David Trend, 1997-05-23 Following the work of a range of public intellectuals like Stanley Aronowitz Henry Giroux bell hooks Chantal Mouffe and Cornel West Cultural Democracy argues for a radical democracy capable of subverting traditional divisions of left and right In so doing Trend suggests that solutions to contemporary cultural and political problems are not so far away as one might think Their roots lie in the very democratic principles upon which the U S was founded although many such principles need to be brought up to date and radicalized

Class Degrees Evan Watkins, 2009-08-25 A current truism holds that the undergraduate degree today is equivalent to the high school diploma of yesterday But undergraduates at a research university would probably not recognize themselves in the historical mirror of high school vocational education Students in a vast range of institutions are encouraged to look up the educational social scale whereas earlier vocational education was designed to cool out expectations of social advancement by training a working class prepared for massive industrialization In Class Degrees Evan Watkins argues that reforms in vocational education in the 1980s and 1990s can explain a great deal about the changing directions of class formation in the United States as well as how postsecondary educational institutions are changing Responding to a demand for flexibility in job skills and reflecting a consequent aspiration to choice and perpetual job mobility those reforms aimed to eliminate the separate academic status of vocational education They transformed it from a cooling out to a heating up of class expectations The result has been a culture of hyperindividualism The hyperindividual lives in a world permeated with against all odds plots from beat the odds of long supermarket checkout lines by using self checkout and buying FasTrak transponders to beat the odds of traffic jams to the endless superheroes on film and TV who daily save various sorts of planets and things against all odds Of course a few people can beat the odds only if most other people do not As choice begins to replace the selling of individual labor at the core of contemporary class formation the result is a sort of waste labor left behind by the competitive process Provocatively Watkins argues that in the twenty first century academic

work in the humanities is assuming the management function of reclaiming this waste labor as a motor force for the future

Tenured Radicals: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have charmed audiences this year. Tenured Radicals : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Tenured Radicals : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Tenured Radicals : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
