J. Kenney,W. V. Clausen,1982 The Cambridge History of Classical Literature provides a comprehensive critical survey of the literature of Greece and Rome from Homer till the Fall of Rome This is the only modern work of this scope it embodies the very considerable advances made by recent classical scholarship and reflects too the increasing sophistication and vigour of critical work on ancient literature The literature is presented throughout in the context of the culture and the social and hisotircal processes of which it is an integral part The overall aim is to offer an authoritative work of reference and appraisal for one of the world s greatest continuous literary traditions The work is divided into two volumes each with a similar and broadly chronological structure Among the special features are important introductory chapters by the General Editors on Books and Readers discussing the conditions under which literature was written and read in antiquity There are also extensive Appendices or Authors and Works giving detailed factual information in a convenient form Technical annotation is otherwise kept to a minimum and all quotations in foreign languages are translated *Illuminating the Middle Ages* Laura Cleaver,Alixe Bovey,Lucy Donkin,2020-03-31 The twenty eight essays in this collection showcase cutting edge research in manuscript studies encompassing material from late antiquity to the Renaissance The volume celebrates the exceptional contribution of John Lowden to the study of medieval books The authors explore some of the themes and questions raised in John s work tackling issues of meaning making patronage the book as an object relationships between text and image and the transmission of ideas They combine John s commitment to the close scrutiny of manuscripts with an interrogation of what the books meant in their own time and what they mean to us now **Bullying in Secondary Schools** Keith Sullivan,Mark Cleary,Ginny Sullivan,2003-10-02 This is a worthwhile read and many of the ideas could well be used in schools to address the issues of bullying There is something for everyone in the book and it should be on any reading list for student teachers and certainly for the senior manager with responsibility for pastoral systems in every school Emotional Behavioural Difficulties This book is a must for all teachers in
