### **Terminator 3 Terminator Dreams:**

**Terminator 3** Aaron Allston, 2013-11-05 An amnesiac computer programmer holds the key to humanity's salvation in this apocalyptic adventure inspired by the hit film. Despite the heroic efforts of John Connor and Kate Webster and the ultimate sacrifice of a T-850 terminator, Skynet became operational and mobilized its machine forces in all-out war against its prime enemy, mankind. More than twenty years later, the war continues, fought by human resistance forces led by John and Kate and by people in secret enclaves around the world. Raiding machine facilities using small guerrilla forces to sabotage and destroy Skynet, the resistance is holding its own, but it's not enough. The self-aware AI that controls the robot terminators, the hunter-killers, and the rest of what used to be America's arsenal is too smart, too quick, too flexible to be defeated. Or perhaps the answer to human victory lies elsewhere. Before Judgment Day, Danny Avila was a programmer on the project that became Skynet. In the months leading up to Judgment Day, he began to have nightmares involving Terminators destroying the world. Then, two days before the holocaust, he disappeared. Found years later by John and Kate, completely amnesiac about events of his life prior to Judgment Day, he became a useful member of the resistance with an uncanny ability to predict Skynet tactics. Now he is having Terminator dreams again, dreams of the days when he was on the Terminator design team, of the days when the world was on the path to destruction. Could there be some kind of psychic link between the Danny of today and the Danny of nearly thirty years ago? Might this one desperately stressed man, living in two eras, be the time machine the resistance needs to undo the devastation of Judgment Day? A daring and dangerous experiment may prove the salvation of mankind's future. Praise for Terminator 3 Terminator Dreams: Adolescents of all ages will have fun with Allston's rock-em, sock-em riff on the characters and settings of Terminator 3: Rise of the Machines. Arnold's adventure fans rejoice: this is the stuff that role-playing dreams are made of. Publishers Weekly

**Terminator Hunt** Aaron Allston, 2013-11-05 Riding the crest of popularity following Terminator 3: Rise of the Machines, Terminator Hunt continues the action where Aaron Allston's first Terminator 3 novel, Terminator Dreams, left off, with an exciting original story of John Connor, Kate Brewster, and the human Resistance battling Skynet and its deadly robots. 2029 A.D. Paul Keeley is a member of the Resistance who died over a year ago or so, everyone thinks, until he awakens in a hospital room and stumbles out into a raging battle between John Connor's elite team of Hellhounds and a group of Skynet robots led by the deadly Terminatrix. Back at Home Plate Resistance headquarters, members of the Resistance discover that Paul has been brainwashed by Skynet. Living in a computer-simulated dream of the twentieth century, Paul, an expert on twentieth-century life, was being used as part of an effort to train the T-X terminator. For a time, John and Kate have no way of knowing where the jump will occur, so to prevent it from happening at all, they launch a daring plan to use John Connor as bait to capture the T-X. Meanwhile, Paul remains under suspicion since no one knows how the brainwashing may still affect him. Capturing the T-X proves to be a deadly task with consequences nobody could foresee. The danger and suspense mount as Resistance action leads to an epic battle pitting human ingenuity

and sheer courage against the coldblooded logic of machine intelligence Fans of Terminator 3 Rise of the Machines will not be disappointed At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied
