

# Britain's Entry into the European Community

Report by Sir Cern Ciniotti on the  
Negotiations of 1970-1972

Edited by  
Sir David Hannay

Hansard Publishing

# Terms Of Entry Britains Negotiations With The European Community 1970 1972

**Andrew Moravcsik**

## **Terms Of Entry Britains Negotiations With The European Community 1970 1972:**

**British Business in the Formative Years of European Integration, 1945-1973** Neil Rollings, 2007-12-10 This book questions conventional accounts of the history of European integration and British business Integration accounts normally focus on the nation state while Neil Rollings focuses on business and its role in the development of European integration which business historians have previously overlooked Business provided a key link between economic integration political integration and the process of Europeanization British businessmen perceived early on that European integration meant much more than the removal of tariffs and access to new markets Indeed British entry into the European community would alter the whole landscape of the European working environment Consideration of European integration is revealed as a complex relative and dynamic issue covering many issues such as competition policy taxation and company law Based on extensive archival research this book uses the case of business to emphasize the need to blend national histories with the history of European integration

**Britain and the European Union** Alistair Jones, 2016-03-07 This updated guide examines the different relationships between the various tiers of government in the UK and the EU and how the EU's powers affect the UK from a range of perspectives It evaluates the role of the media political parties pressure groups social media and the ever changing position of public opinion and places the relationship in its historical context to show how it has evolved over time Each chapter includes an introduction learning goals a glossary likely exam questions helpful websites and suggestions for further reading This new edition has two new chapters Europeanisation and The British Media and the EU includes the fallout from the 2015 UK Parliament general election and the 2014 European Parliament election and draws on freshly updated examples tables and figures updated throughout

[The Making of Eurosceptic Britain](#) Chris Gifford, 2008 Populist Euroscepticism has become fundamental to constituting Britain and Britishness in a post imperial context despite membership of the European Union This book is organized chronologically providing overviews of key periods in the British European Union relationship

**The Europeanization of National Foreign Policies towards Latin America** Lorena Ruano, 2013-05-07 Who shapes the European Union's policy towards Latin America How has this EU policy modified individual member states relations with the region This book provides a comparative account of seven member states bilateral links with Latin America since 1945 in the context of their EU membership and based on the concept of Europeanization It illustrates how and why the main architects of this EU policy have been Spain and Germany In contrast Poland Sweden and Ireland which had little previous interaction with Latin America have developed their current relations with that region virtually as a result of their EU membership The United Kingdom and France lie in the middle they have been influential in certain policy areas and key periods in history while they have adapted to what is done at the EU level in others Practitioners established academic experts as well emerging scholars in the field bring to bear a novel combination of pioneering research and cutting edge conceptual analysis on this important but neglected area of the EU's foreign

relations     Enlarging the European Union M. Geary, 2013-06-13 The book presents a new history of the first enlargement of the EU It charts the attempts by the European Commission to influence the outcome of the British and Irish bids to join the Common Market during the 1960s and 1970s The most politically divisive EU enlargement is examined through extensive research in British Irish EU and US archives     **Helmut Schmidt and British-German Relations** Mathias Haeussler, 2019-03-28 The young Helmut Schmidt and British German relations 1945 74 Harold Wilson 1974 76 James Callaghan 1976 79 Margaret Thatcher 1979 82     **British Euroscepticism and the Eurozone Crisis 2008-2013** Mohamed Elabed, 2018-12-10 This book provides a thorough examination of the phenomenon of Euroscepticism in the United Kingdom It begins by arguing that Euroscepticism has roots as far back as when the process of European integration first came into being and that it is not new in British politics As a suggestion of opposition to the process of European integration Euroscepticism dates back to the early days of founding a union in Western Europe This book shows that Eurosceptic Britain is a product of a variety of factors particularly related to history politics culture and geography The unique specificities of the British political system comprise another important reason for Eurosceptic attitudes in Britain The book also examines the relation between the Eurosceptic discourse in Britain and the structure of the European Union's institutions It argues that much of British Euroscepticism is about the way these institutions are operated Most importantly it highlights that the enduring Eurozone crisis has contributed to shaping recent varieties of scepticism towards the European Union as a whole before concluding that Euroscepticism could not relocate Britain outside its natural place within Europe     The European Parliament and the European Community Valentine Herman, J. Lodge, 1978-06-30     *The Heath Government 1970-74* Stuart Ball, A. Seldon, 2014-01-14 Only now is it possible to see Edward Heath's controversial administration 1970 1974 in balanced historical perspective and increasingly it seems a turning point for postwar Britain This timely volume explores the agenda of the Heath government in all its aspects including economy industrial relations social policy immigration Northern Ireland British entry into Europe and foreign relations assesses how far it achieved its aims and examines the response to them The book is based upon much new research including the archives of the Conservative Party and the TUC and interviews with many of those involved at the heart of government The result will be essential reading for anyone interested in modern British history politics and government Contributors include PAUL ARTHUR LEWIS BASTON VERNON BOGDANOR ALEC CAIRNCROSS CHRISTOPHER HILL DENNIS KAVANAGH ZIG LAYTON HENRY CHRISTOPHER LORD RODNEY LOWE JOHN RAMSDEN ROBERT TAYLOR KEVIN THEAKSTON JOHN YOUNG     Britain and Europe since 1945 Alex May, 2014-06-06 This is a succinct timely introduction to one of the most highly charged political questions which has dominated British politics since 1945 Britain's position in Europe The study traces the evolution of British policy towards Europe since 1945 presenting the full international context as well as the impact on domestic party politics including an analysis of the divisions in the Conservative Party under John Major     **Britain and Germany in Europe, 1949-1990**

Jeremy Noakes, Peter Wende, Jonathan Wright, 2002 Anglo German relations since 1945 have been generally cordial but subject to bouts of acute tension This volume by leading historians from both countries examines major political issues and broader contacts between the two societies It suggests that British perceptions have remained coloured by fears of German dominance aggravated by the success of the Federal Republic and the relative decline of Britain in the post war period

**The Passage to Europe** Luuk van Middelaar, 2013-07-23 Provides the untold story of the crises and compromises that lead to the formation of the European Union

**European Communities** John Paxton, 1992-01-01 The establishment of the European Economic Community in 1958 was one of the most remarkable developments in the history of the post World War II era It aimed for nothing less than a complete economic union so that goods people and capital would be able to pass over national boundaries of member countries as freely as they move within any one country As the Community's target date of 1992 for economic integration draws closer the need for information both current and historical becomes more urgent The aim of this annotated bibliography is to create a critical and descriptive list of books published mainly in English for businessmen and analysts combining older publications with new The literature on the EC is vast and issues The Community itself nearly 3000 publications a year The range of material covered in this volume is distinguished by its great scope Historical sections provide listings on the postwar years of economic recovery the development of the EC and biographies of the leading personalities involved Policy oriented sections encompass such subjects as labor transportation environment energy and education The political ramifications of economic union financial and fiscal affairs relations between the EC and the Third World and foreign relations in general are dealt with in separate sections The volume concludes with a listing of major European Community publications The sheer bulk of published material on the EC much of it duplication has made keeping up with its developments difficult for small and medium in Europe and elsewhere This invaluable sourcebook will provide the business community and the political establishments with better access to EC information as they grapple with the implications of 1992

**The Choice for Europe** Andrew Moravcsik, 2013-10-11 The creation of the European Union arguably ranks among the most extraordinary achievements in modern world politics Observers disagree however about the reasons why European governments have chosen to co ordinate core economic policies and surrender sovereign prerogatives This text analyzes the history of the region's movement toward economic and political union Do these unifying steps demonstrate the pre eminence of national security concerns the power of federalist ideals the skill of political entrepreneurs like Jean Monnet and Jacques Delors or the triumph of technocratic planning Moravcsik rejects such views Economic interdependence has been he maintains the primary force compelling these democracies to move in this surprising direction Politicians rationally pursued national economic advantage through the exploitation of asymmetrical interdependence and the manipulation of institutional commitments

**Reluctant Europeans** David Gowland, Arthur Turner, 2014-09-25 During the past fifty years few issues in British politics have generated such heated controversy as Britain's approach to European

integration Why has Europe had such an explosive impact on British politics What impelled British policymakers to embrace a European destiny and why did they take such a cautious approach These are some of the key issues addressed in *The Reluctant Europeans* This new study draws upon recently available source material providing a clear chronological account and covering events right up to Blair's first year in office and the launch of the Euro

**The 1975 Referendum on Europe - Volume 2** Mark Baimbridge, Philip Whyman, Andrew Mullen, 2016-10-31 Provides an analysis of the relationship between the UK and the EU treating the key overarching issues in the 1975 referendum and looking ahead to the prospect eventually of further referendums on the subjects of EMU and a European constitution

Conservative Economic Policymaking and the Birth of Thatcherism, 1964-1979 Adrian Williamson, 2016-01-12 In this book Adrian Williamson investigates the processes by which Thatcherism became established in Tory thinking and questions to what extent the politician herself is responsible for Thatcherism within the Conservative Party

**The Battle for British Entry into the European Community, 1971-72** Geoff Horn, 2025-08-30 This book offers a new perspective on the parliamentary battle for British entry into the European Community EC the forerunner of the EU It provides a historical case study of how the whipping operation overseen by the Chief Whip Francis Pym played a critical role in securing EC entry in 1971-72 More specifically it explores how the Conservative Government's Whips Office managed dissent through the concept of loyal dissent a party management approach characterised by tolerance and respect for dissenting views It addresses key themes that remain relevant in British politics today how does a whipping operation resolve the tension between toleration of dissent the imperatives of party loyalty and the overriding objective of consistently securing government majorities in the division lobbies What subtle or indirect methods of party management can be employed to minimise or nullify dissent without recourse to punitive sanctions Is respect for individual conscience the best means of avoiding damaging party splits on controversial and divisive issues This book highlights the role of the whips during the parliamentary battle for entry into Europe but it also places a spotlight on Britain's adversarial politics Whipping is symptomatic of a culture that emphasises party loyalty and discipline but appears ill suited to issues of fundamental constitutional principle or individual conscience that go above and beyond normal party politics It can be argued that Britain's relationship with Europe belonged in this category Pym's whipping operation was critical in securing parliamentary approval for Britain's entry into Europe but this success relied on a subtle and skilful circumvention even subversion of the rigidities of an adversarial whipping system

**Britain and 1940** Malcolm Smith, 2000 1940 was the most significant year in European history this century this book examines what it meant for the people of Britain then and now Malcolm Smith details the resultant influences that have constructed our national consciousness

*The Tories and Europe* John Turner, 2000 John Turner examines the way in which the issue of Europe has led to a schism within the Conservative Party contributing to the party's election defeat in 1997 and how issues of sovereignty and federalism continue to preoccupy the party

## Adopting the Beat of Appearance: An Psychological Symphony within **Terms Of Entry Britains Negotiations With The European Community 1970 1972**

In a global used by monitors and the ceaseless chatter of immediate transmission, the melodic beauty and mental symphony developed by the published term usually fade in to the backdrop, eclipsed by the persistent noise and distractions that permeate our lives. However, located within the pages of **Terms Of Entry Britains Negotiations With The European Community 1970 1972** a charming literary prize filled with natural thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, that fascinating masterpiece conducts viewers on a mental journey, skillfully unraveling the hidden tunes and profound impact resonating within each carefully constructed phrase. Within the depths of this moving analysis, we will explore the book is key harmonies, analyze their enthralling writing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
