Hellegrers, 2001 This is the definitive story of how the United States attempted to turn Japan into a democratic and peace loving nation by drafting a new constitution for its former enemy and then pretending that the Japanese had written it Based on scores of interviews with participants in the process as well as exhaustive research in Japanese and American records the book explores in vivid detail the thinking and intentions behind the drafting of the constitution Confusion and strife marked planning for the democratization of Japan first in Washington then in occupied Tokyo Policy makers in the State War and Navy departments the Joint Chiefs and the White House contended bitterly over how to devise an unconditional surrender that would minimize Allied casualties while according the victor supreme authority over a soundly defeated Japan By war's end there were still no firm guidelines on a host of crucial issues including how the Japanese system of government could be made acceptably democratic The first months of occupation were chaotic with General MacArthur organizing his staff around loyal followers and edging out experts sent from

Washington Hampered by a narrow interpretation of the terms of surrender and wishful thinking about Japanese compliance with American expectations MacArthur set in motion a fiasco Because of a translator s error Prince Konoye three time Prime Minister of Japan thought MacArthur had entrusted him with revising the Japanese constitution and assembled a staff of constitutional law experts and set to work However conservatives in the Japanese cabinet denounced his efforts and produced their own version which MacArthur found unacceptable MacArthur then secretly instructed his staff with its very limited knowledge of either Japan or constitutional law to draft a new Japanese constitution which amazingly they did in a week s time Expecting approval of its own draft the Japanese cabinet was stunned when presented with a completely different American document So unrelenting was the pressure exerted by MacArthur s officers that it was clear to members of the cabinet they had no choice but to adopt the American draft more or less intact and publish it as their own Because of the broad range of its meticulous research the book will be a standard reference not only for students of Japanese history but also for legal scholars diplomatic historians and political scientists *Army Talk* ,1944 *A New Abridgment of the Law* Matthew Bacon,1852 *The Practice of the Law in All Its Principal Departments* Joseph Chitty,1837 **Code of Federal Regulations, Title 36, Parks, Forests, and Public Property, PT. 1-199, Revised as of July 1, 2011** ,2011-11-12
