Terra Incognita Andrew Klimko,2008 Terra Incognita is a series of stories placed on an alphabetic framework stitched together loosely by characters re appearing in them The stories vary in style and form with a short verse and a short play thrown in for contrast Issues are examined and while some characters take the initiative others simply react to circumstances They struggle through their allotted time occasionally in flashbacks while subjected to the vicissitudes of life Connections are made and connections are broken Relationships develop along with the unspoken underlying notions of learning as an endless journey and that the journey is as important as the destination Search for true experience of being through identity and purpose is underlined in the initial story and later reprised with an implication that thoughtful reflection is useful and productive **The Stanford Dictionary of Anglicised Words and Phrases, Ed. for the Syndios of the University Press** Charles Augustus Maude Fennell,1892 *The Stanford Dictionary of Anglicised Words and Phrases*
