enjoyed a unique relationship with its human master and the depth and variety of the papers in this fascinating collection is a

testament to the interest that this symbiotic arrangement holds for many scholars working in archaeology today The book covers an eclectic range of subjects such as considering dogs as animals of sacrifice and animal components of ancient and modern religious ritual and practice dogs as human companions subject to loving care visual symbolic representation deliberate or accidental breed manipulation as working dogs and finally as co inhabitants of human dwelling paces and co consumers of human food resources While many of the papers in this volume have a predominant focus they also demonstrate that the relationships between humans and dogs are rarely if ever singular or simple Instead these relationships are complex often combining the practical the ideological and the symbolic *The Dog Book* James Watson,1905
