**Studies** Christa Albrecht-Crane,Dennis Ray Cutchins,2010-07-31 The volume takes as its starting point the assumption that adapters cannot simply transpose or transfer one particular text from one medium to another They must interpret re work and re imagine the precursor text in order to choose the various meanings and sensations they find most compelling or most cost effective then they create scenes characters plot elements etc that match their interpretation These very relationships are the subject matter this collection seeks to explore Poststructural theory is an ideal place to begin a rigorous and theoretically sound investigation of adaptation As adaptation studies adopts a poststructuralist lens and defines this richer notion of intertextuality some of its key assumptions will change Adaptation scholars will recognize that all film adaptations are intertextual by definition multivocal by necessity and adaptive by their nature      **The Twisted Tale of Glam Rock**

Stuart Lenig,2010-06-16 Covering four decades of music history this engaging book explores a genre of pop music that has been overlooked under reported and ineffectively characterized but which nevertheless remains immensely popular The very qualities that made glam unusual and undervalued are now being reintroduced into our culture through video music and cyber and computer mediums while artists such as Lady Gaga have made glam popular once more Carefully explaining this misunderstood genre The Twisted Tale of Glam Rock explores glam s attraction and the reasons it has endured With the help of copious examples the book covers the style from the pre glam British invasion of 1964 69 through the classical glam era 1970 75 the metamorphosis into glam goth glam metal and glam new romanticism 1976 90 and the style s reemergence 1990 present It provides a theoretical basis for musicians attraction to this highly visual and theatrical form of pop music and sets glam in a historical context following the format through MTV videos and vibrant stage and theatre presentations Finally the book explores the hybridization of glam with other styles illustrating how the genre has progressively reemerged as a premier form of performance pop      **Gold Experience**
