

THE SMITHS

In this, the first ever fully illustrated chronology of The Smiths' career, the group's biographer Johnny Rogan presents the ultimate completists' compendium. What emerges is an intriguing and fascinatingly detailed diary of events covering every aspect of their career.

The culmination of scores of interviews with former group members, record company associates, managers, producers, engineers, touring crew, family, friends and old rivals, this engagingly written and explosive story comes to life in almost daily bulletins from The Smiths' secret diaries.

It is almost as if Rogan has a direct hotline to the past.

Johnny Rogan began his tempestuous career as a full-time author following postgraduate work in English Literature. Over the last decade, he has established himself as one of the world's foremost popular music biographers. His last book, Morrissey & Marr: The Severed Alliance, is one of the most controversial and highly acclaimed music biographies ever written. Its contents startled critics and fans alike, and prompted Morrissey to call for the immediate death of the author. Rogan vowed to continue his research and this new book is the first fruits of an ongoing obsession.
