The Invisible Mask Catherine Hope,2019-05-09 Are you tired of feeling invisible and alone There are few things worse than hiding behind an invisible mask with a fake smile feeling unnoticed unwanted and desperately hoping that someone would notice the real you Most of my life I struggled to fit in and to be accepted I felt invisible and that I didn t have a voice Through my journey of finding acceptance and purpose I wrote my prayers to God in the form of poems and wrote moments that I encountered a lesson learned or a struggle I needed an outlet so I wrote What I didn t expect was by doing so I would find healing acceptance and love I came to know of a loving Father who showed me that I wasn t invisible but loved by Him and had a purpose God had a purpose for my tears and put it on my heart to share my journey with others You deserve to be noticed cared for and valued You are not alone but loved My prayer is with this book others can and will find comfort and hope as my struggles point them to a Loving God Savior and Friend

TV Snapshots Lynn Spigel,2022-04-08 In TV Snapshots Lynn Spigel explores snapshots of people posing in front of their television sets in the 1950s through the early 1970s Like today s selfies TV snapshots were a popular photographic practice through which people visualized their lives in an increasingly mediated culture Drawing on her collection of over 5 000 TV snapshots Spigel shows that people did not just watch TV women used the TV set as a backdrop for fashion and glamour poses people dressed in drag in front of the screen and in pinup poses people even turned the TV setting into a space for erotic display While the television industry promoted on screen images of white nuclear families in suburban homes the snapshots depict a broad range of people across racial ethnic and class backgrounds that do not always conform to the reigning middle class nuclear family ideal Showing how the television set became a central presence in the home that exceeded its mass entertainment function Spigel highlights how TV snapshots complicate understandings of the significance of television in everyday life

Hope and Suffering Gretchen Krueger,2020-03-03 Gretchen Krueger s poignant narrative explores how doctors families and the public interpreted the experience of childhood cancer from the 1930s through the 1970s Pairing the transformation of childhood cancer from killer to curable disease with the personal experiences of young patients and their families Krueger illuminates the twin realities of hope and suffering In this social

history each decade follows a family whose experience touches on key themes possible causes means and timing of detection the search for curative treatment the merit of alternative treatments the decisions to pursue or halt therapy the side effects of treatment death and dying and cure Recounting the complex and sometimes contentious interactions among the families of children with cancer medical researchers physicians advocacy organizations the media and policy makers Krueger reveals that personal odyssey and clinical challenge are the simultaneous realities of childhood cancer This engaging study will be of interest to historians medical practitioners and researchers and people whose lives have been altered by cancer

An Unpromising Hope Thomas R. Gaulke, 2021-09-21 Written in a theopoetic key this book challenges Christian reliance on the motif of promise especially where promise is regarded as a prerequisite for the experience of hope It pursues instead an unpromising hope available to the agnostic or belief fluid members and leaders of faith communities The book rejects any theological judgement about doubt and hopelessness being sinful It also rejects any hope which is grounded in a sense of Christian supremacy Chapter 1 focuses on Ernst Bloch's antifascist concept of utopian surplus putting Bloch in conversation with queer theorist Jos Esteban Muñoz and womanist theologian M Shawn Copeland Chapter 2 explores the saudadic and theopoetic hope of Rubem Alves Chapter 3 turns to the womanist theologies of Delores Williams Emilie Townes and A Elaine Brown Crawford Finally chapter 4 engages the post colonial eschatology of Victor Westhelle framing hope as nearby in space rather than nearby in time Each chapter offers an unpromising hope that may be tapped into by those who wish to affirm belief fluidity in their own communities and by those who wish to speak of hope honestly whether or not at any given moment they believe in God or in the promises of a god

The Bob Hope Films James L. Neibaur, 2005-01-10 Bob Hope got his start in show business when he was in his twenties remained active past the age of 90 and lived to be 100 His longevity was remarkable especially when one considers that he was active in vaudeville radio motion pictures and television He excelled in each of these popular forms of entertainment but his films are the most genuine testaments to his timeless comedy His smart quips fast pace and breezy manner were perfect ingredients for the brand of comedy that was popular during World War II and the years immediately following the war This book begins with a discussion of Bob Hope's early career and the short films that he starred in and then covers each of the Hope films beginning with *The Big Broadcast* of 1938 The Hope films the author says do not have deep subtexts or clever cinematic innovations but provide clever uplifting entertainment that continues to inspire laughter and offer solid examples of the humor that made Americans smile during and after World War II Cast and credit information is provided for each film

Remembering Hope Ann Rigney, Emeritus Professor of Comparative Literature Ann Rigney, 2025-10-24 In *Remembering Hope* Ann Rigney examines the role of storytelling in transferring hope in social transformation from one generation of activists to another She uses the tools of cultural memory studies to explain how shared narratives about protest are produced using words images video and performance Rigney's long term approach shows that cultural memory and activism are deeply entwined across generations and reveals how cultural memory work has been

used as a form of resistance to historical outcomes and as a tool for kick starting older campaigns in new contexts Above all the book challenges the assumption that grievance rather than active citizenship has always been at the heart of collective memory

of the Cape of Good Hope Cape of Good Hope (Colony). Department of Agriculture, 1908 Snapshots and Visions Jim Willis, 2009-02-05 You have the power to reinvent yourself The power lies not in your mind alone It s also in your genes and DNA It s what makes us human Humans change that s the essence of life Everything from the smallest plant to the largest mountain is in the process of change And that s especially true with human beings We can t always recognize it when it happens slowly and we learn to adjust to the differences But when a living organism stops changing it dies I m not just talking about simple physical changes here Those changes are not that important really They re going to happen one way or another whether we are conscious of them or not I m talking about psychological emotional and spiritual changes the kinds of changes for instance that mold children into mature emotionally balanced adults Each of us by the time we hit senior citizenship will have made countless choices and agonized over millions of decisions We tend to think of them as either good or bad Some of them led to happy productive constructive events Others got us into a world of trouble But from the perspective of age every choice was good in this sense it offered the opportunity to learn something Right or wrong good or bad whatever the consequences that followed our decision we learned from what we have done That kind of learning is called experience That s all experience is living through the consequences of choices and remembering what happened
