Sniffing For Democracy:

Sniffing for Democracy Nora Meek,2004-01-01 *Quicksilver's Knight* Christopher Stasheff,2022-02-02 SWORD AND SORCERY SOME GUYS HAVE IT ALL Geoffrey Gallowglass the Lord High Warlock s second son has only two passions in life war and women As a knight errant he roams the Kingdom of Gramarye looking for wrongs to right and women to woo but no one has held his interest for very long Until he meets Quicksilver a fiery warrior woman as beautiful as she is deadly with a tongue as sharp as her sword Has Geoffrey finally found his perfect woman There s only one problem Quicksilver is the bandit chieftain who has conquered her lord s land and castle and Geoffrey is the Royal Knight sent to defeat and capture her Is love hopeless Or can Geoffrey find some way face her before an altar not an army **Fugitive Democracy** Sheldon S. Wolin,2018-11-13 An authoritative collection of the most important writings of an influential political thinker Sheldon Wolin was one of the most influential and original political thinkers of the past fifty years In *Fugitive Democracy* the breathtaking range of Wolin s scholarship political commitment and critical acumen are on full display in this authoritative and accessible collection of essays This book brings together his most important writings from classic essays to his late radical essays on American democracy such as *Fugitive Democracy* in which he offers a controversial reinterpretation of democracy as an episodic phenomenon distinct from the routinized political management that passes for democracy today Wolin critically engages a diverse range of political theorists and grapples with topics such as power modernization the sixties revolutionary politics and inequality all the while showcasing enduring commitment to writing civic minded theoretical commentary on the most pressing political issues of the day *Fugitive Democracy* offers enduring insights into many of today s most pressing political predicaments and introduces a whole new generation of readers to this provocative figure in contemporary political thought **Democracy's Data** Dan Bouk,2022-08-23 ONE OF THE NEW YORK TIMES BOOK REVIEW S 100 NOTABLE BOOKS OF 2022 From the historian Dan Bouk a lesson in reading between the lines of the U S census to uncover the stories behind the data The census isn t just a data collection process it s a ritual and a tool of American democracy Behind every neat grid of numbers is a collage of messy human stories you just have to know how to read them In *Democracy's Data* the data historian Dan Bouk examines the 1940 U S census uncovering what those numbers both condense and cleverly abstract a universe of meaning and uncertainty of cultural negotiation and political struggle He introduces us to the men and women employed as census takers bringing us with them as they go door to door recording the lives of their neighbors He takes us into the makeshift halls of the Census Bureau where hundreds of civil servants not to mention machines labored with pencil and paper to divide and conquer the nation s data And he uses these little points to paint bigger pictures such as of the ruling hand of white supremacy the place of queer people in straight systems and the struggle of ordinary people to be seen by the state as they see themselves The 1940 census is a crucial entry in American history a controversial dataset that enabled the creation of New Deal era social programs but that also with the advent of World War Two would be weaponized against many

of the citizens whom it was supposed to serve In our age of quantification Democracy s Data not only teaches us how to read between the lines but gives us a new perspective on the relationship between representation identity and governance today

Le Boogie Woogie Terry Williams,2020-02-25 The after hours club is a fixture of the African American ghetto It is a semisecret unlicensed spot where regulars and tourists mingle with hustlers to buy and use drugs long after regular bars are closed and the party has ended for the squares After hours clubs are found in most cities but for people outside of their particular milieu they are formidably difficult to identify and even more difficult to access The sociologist Terry Williams returns to the cocaine culture of Harlem in the 1980s and 90s with an ethnographic account of a club he calls Le Boogie Woogie He explores the life of a cast of characters that includes regulars and bar workers dealers and hustlers following social interaction around the club s active bar with its colorful staff and owner and the sniffers who patronize it In so doing Williams delves into the world of after hours clubs exploring their longstanding function in the African American community as neighborhood institutions and places of autonomy for people whom mainstream society grants few spaces of freedom He contrasts Le Boogie Woogie which he visited in the 1990s with a Lower East Side club dubbed Murphy s Bar twenty years later to show how cool remains essential to those outside the margins of society even as what it means to be cool changes Le Boogie Woogie is an exceptional ethnographic portrait of an underground culture and its place within a changing city

Practicing Democracy Margaret Lavinia Anderson,2021-04-13 What happens when manhood suffrage a radically egalitarian institution gets introduced into a deeply hierarchical society In her sweeping history of Imperial Germany s electoral culture Anderson shows how the sudden opportunity to practice democracy in 1867 opened up a free space in the land of Kaisers generals and Junkers Originally designed to make voters susceptible to manipulation by the authorities the suffrage s unintended consequence was to enmesh its participants in ever more democratic procedures and practices The result was the growth of an increasingly democratic culture in the decades before 1914 Explicit comparisons with Britain France and America give us a vivid picture of the coercive pressures from employers clergy and communities that German voters faced but also of the legalistic culture that shielded them from the fraud bribery and violence so characteristic of other early franchise regimes We emerge with a new sense that Germans were in no way less modern in the practice of democratic politics Anderson in fact argues convincingly against the widely accepted notion that it was pre war Germany s lack of democratic values and experience that ultimately led to Weimar s failure and the Third Reich *Practicing Democracy* is a surprising reinterpretation of nineteenth and early twentieth century Germany and will engage historians concerned with the question of Germany s special path to modernity sociologists interested in obedience popular mobilization and civil society political scientists debating the relative role of institutions versus culture in the transition to democracy By showing how political activity shaped and was shaped by the experiences of ordinary men and women it conveys the excitement of democratic politics

The Best Democracy Money Can Buy Greg Palast,2016-10-04 A close presidential election in

November could well come down to contested states or even districts an election decided by vote theft It could happen this year Based on Greg Palast and Robert F Kennedy Jr s investigative reporting for Rolling Stone and BBC television plus new reporting by Palast for the new edition a portion of which will be a Rolling Stone cover story covered in major progressive media outlets which will include radio television and webcasts and featured on listservs from important civil rights and activist organisations The Best Democracy Money Can Buy A Tale of Billionaires Ballot Bandits will be the most important book published this year one that could save the election The documentary film of The Best Democracy Money Can Buy is available on DVD from CinemaLibre Studio Exit from Democracy Kerem Öktem,Karabekir Akkoyunlu,2018-12-07

Democratic government is facing unprecedented challenges at a global scale Yet Turkey s descent into conflict crisis and autocracy is exceptional Only a few years ago the country was praised as a successful Muslim majority democracy and a promising example of sustainable growth In Turkey s Exit from Democracy the contributors argue that President Recep Tayyip Erdoğan and the Justice and Development Party government have now effectively abandoned the realm of democratic politics by attempting regime change with the aim to install a hyper presidentialist system Examining how this power grab comes at the tail end of more than a decade of seemingly democratic politics the contributors also explore the mechanisms of de democratization through two distinctive but interrelated angles A set of comparative analyses explores illiberal forms of governance in Turkey Russia Southeast Europe and Latin America In depth studies analyse how Turkey s society has been reshaped in the image of a patriarchal habitus and how consent has been fabricated through religious educational ethnic and civil society policies Despite this comprehensive authoritarian shift the result is not authoritarian consolidation but a deeply divided and contested polity Analysing an early example of democratic decline and authoritarian politics this volume is relevant well beyond the confines of regional studies Turkey exemplifies the larger forces of de democratization at play globally Turkey s Exit from Democracy provides the reader with generalizable insights into these transformative processes These chapters were originally published as a special issue in Southeast European and Black Sea Studies Approaching Democracy Larry Berman,Bruce Murphy,Nadia Brown,Sarah Gershon,2023-08-28 Democracy cannot be taken for granted whether at home or internationally and eternal vigilance along with civic intelligence is required to protect it Approaching Democracy provides students with a framework to analyze the structure process and action of US government institutions and social movements It also invites comparison with other countries This globalizing perspective gives students an understanding of issues of governance and challenges to democracy here and elsewhere At a moment of political hyper partisanship economic tensions media misinformation hyper partisanship and anxieties about the future of civil rights this is the ideal time to introduce Approaching Democracy a textbook based on Vaclav Havel s powerful metaphor of democracy as an ideal and the American experiment as the closest approach to it to a new generation of political science undergraduate students NEW TO THE TENTH EDITION Updated to reflect the results of the 2022 midterm elections and explore the

implications of Congressional redistricting voting suppression and voting rights legislation Covers the first two years of the Biden administration and provides a thorough retrospective on the Trump presidency including updates on the January 6 Commission findings and the Justice department's investigation into Trump's alleged misappropriation of classified government documents Presents the developments on the Supreme Court including the appointment of its two newest justices and major recent decisions including controversial rulings on reproductive health the separation of church and state and the environment Explores the revival of NATO and other international alliances in the context of the Russian invasion of Ukraine New and updated material has also been provided regarding gun control healthcare labor rights immigration economic policy COVID 19's lingering impacts and the ongoing struggle for social and racial justice in America **How**

Australian Democracy Works Amanda Dunn, 2025-03-04 The real story of how power works in this country In recent years the trust in Australian politics and politicians has been at an all time low From political polarisation and the spread of disinformation to the lack of trust in the public institutions that underpin our government the truth can often be hard to find How Australian Democracy Works is a pulse check of our country's political health and a helpful guide to understanding our nation's political history and our place in the world from government parliament the Constitution and pressing policy issues Discover the best most current analysis from people with valuable experience and expertise to better understand who we are how we got here and where we might go next From The Conversation's top academic writers comes an honest and informed call to examine rethink and safeguard Australia's unique democracy This is the book I wish I had when I enrolled to vote for the first time Accessible and essential reading for all Australians Bridget Hustwaite presenter and bestselling author of How to Endo A comprehensive look at Australian democracy past and present How Australian Democracy Works covers absolutely everything you need to know to ensure you go into vote as informed as possible Leo Puglisi 6 News Thoughtfully conceived and artfully curated How Australian Democracy Works provides a compelling argument for why the humanities their scholars and their disciplines are not only relevant in today's town square but also vitally necessary Rigorous insightful and critically engaged without a hint of jargon or affect these essays collectively and cumulatively demonstrate the value of polyvocal discourse a hallmark of democracy itself How Australian Democracy Works deserves a place in every school library and on a few politicians and journalists bookshelves too Superb Professor Clare Wright Professor of History and Professor of Public Engagement La Trobe University and author of the Democracy Trilogy It's more important than ever that Aussies are equipped with the tools they need to feel empowered to engage with the world around them How Australian Democracy Works does just that it takes the meatiest topics that underpin our democracy and package it up in a way we can all understand and learn from We all need to play a role in moving this country forward and this book gives you the toolkit to be part of that solution Zara Seidler The Daily Aus How Australian Democracy Works pools some of our country's most prized journalists into a thorough and engaging account of Australia's political system This is a fascinating and hugely vital book

one that simultaneously recounts our country's political history and current structure while proving how pivotal it is to safeguard democracy. Complex concepts are broken down into layman's terms and reading this left me feeling smarter and more encouraged to be an engaged political citizen. I wish I had this book earlier. Maggie Zhou, writer, editor, and podcaster.

Democracy Through Intimidation and Terror Prem Nath Bazaz, 1978 **The Shortest History of Democracy** John Keane, 2022-09-06

The full chronological sweep of democracy from the assemblies of ancient Mesopotamia and Athens to present perils around the globe. The Shortest History books deliver thousands of years of history in one riveting, fast-paced read. This compact history unspools the tumultuous global story that began with democracy's radical core idea: We can collaborate as equals to determine our own futures. Acclaimed political thinker John Keane traces how this concept emerged and evolved from the earliest assembly democracies in Syria, Mesopotamia, to European-style electoral democracy and to our uncertain present. Today, thanks to our always-on communication channels, governments answer not only to voters on Election Day but to intense scrutiny every day. This is monitory democracy in Keane's view: the most complex and vibrant model yet, but it's not invulnerable. Monitory democracy comes with its own pathologies, and the new despotism wields powerful warning systems from social media to election monitoring against democracy itself. At this urgent moment when despots in countries such as China, Russia, Iran, and Saudi Arabia reject the promises of democratic power sharing, Keane mounts a bold defense of a precious global ideal. The Shortest History books deliver thousands of years of history in one riveting, fast-paced read.

In Disguise John O'Loughlin, 202-04-06

If John O'Loughlin is *In Disguise* here, it's because these days he does not see himself primarily as a poet but rather as a philosopher, if a self-taught one who once wrote poems many of which were of a philosophical order and thus an alternative or formative approach to his philosophy proper. The 180 or so poems collected together here are all readerly or capable of being read as opposed to being like the bulk of Mr O'Loughlin's abstract poetry, to being contemplated because non-readerly and have accordingly been described as verse, whether rhymed or free, to distinguish them from anything abstract or non-readerly. Lyric might suffice as a more conventional description, but frankly that would hardly apply to the majority of the poems in this collection, which, as stated, are distinctly philosophical and the product, in consequence, of a disguised philosopher, a philosopher in disguise.

Staging West German Democracy Jan Uelzmann, 2019-03-21

Staging West German Democracy examines how political founding discourses of the nascent Federal Republic (FRG) were reflected, reinforced, and actively manufactured by the Federal government in conjunction with the West German state-controlled newsreel system, the *Deutsche Wochenschau*. By looking at the institutional history of the *Deutsche Wochenschau* and its close relationship to the Federal Press Office, Jan Uelzmann traces the Adenauer administration's project of maintaining a government channel in an increasingly diverse, decentralized, and democratic West German media landscape. *Staging West German Democracy* reconstructs the company's integral role in the planning, production, and dissemination of pro-government PR, and through detailed analyses reveals the films to celebrate the FRG as an economically

successful and internationally connected democracy under Adenauer's leadership. Apart from providing election propaganda for Adenauer's CDU party, these films provided an important stabilizing factor for the FRG's project of explaining and promoting democracy to its citizens and of defining its public image against the backdrops of the Third Reich past and a competing contemporary incarnation of German nationhood, the German Democratic Republic (GDR). In this regard, Staging West German Democracy adds in important ways to our understanding of the media's role in the West German nation building process.

Smell Detectives Melanie A. Kiechle, 2017-07-18 What did nineteenth century cities smell like? And how did odors matter in the formation of a modern environmental consciousness? *Smell Detectives* follows the nineteenth century Americans who used their noses to make sense of the sanitary challenges caused by rapid urban and industrial growth. Melanie Kiechle examines nuisance complaints, medical writings, domestic advice, and myriad discussions of what constituted fresh air and argues that nineteenth century city dwellers, anxious about the air they breathed, attempted to create healthier cities by detecting and then mitigating the most menacing odors. Medical theories in the nineteenth century assumed that foul odors caused disease and that overcrowded cities filled with new and stronger stinks were synonymous with disease and danger. But the sources of offending odors proved difficult to pinpoint. The creation of city health boards introduced new conflicts between complaining citizens and the officials in charge of the air. *Smell Detectives* looks at the relationship between the construction of scientific expertise on the one hand and common sense, the olfactory experiences of common people on the other. Although the rise of germ theory revolutionized medical knowledge and ultimately undid this form of sensory knowing, *Smell Detectives* recovers how city residents used their sense of smell and their health concerns about foul odors to understand, adjust to, and fight against urban environmental changes.

Protecting Democracy in Europe Tom Theuns, 2024-11-07 The future of Europe as a community of democratic states is deeply uncertain. The European Union, founded to promote ever closer integration, aims nominally for peaceful, prosperous cooperation. But this ideal has been battered by a series of bruising crises and now by war. *Protecting Democracy in Europe* examines how, in this brave new world, the EU can and must safeguard democratic governance within its member states. Reviewing the Union's past responses, Tom Theuns demonstrates that its existing laws and policies are normatively and expressively incoherent. Its failure to defend democratic values is unsurprising: the EU's existing toolbox is based on an impoverished conception of democracy and runs counter to its fundamental principles. Close attention to speeches by European Commissioners shows that they see democracy in a technical and legalistic way. This perspective, democracy without politics, is easy for would-be autocrats to exploit. To protect democracy in Europe, Theuns argues, the EU must urgently correct policies that make it complicit in democratic backsliding. It must contain autocratic influences within the strict limits of its political authority. And it must cultivate pluralist democracy within its constituent countries. But where this fails, he concludes, autocratic members should be expelled.

American Humor Arthur Power Dudden, 1989 Originally appearing as an issue of *American Quarterly*, these

essays take a close look at American humor from revolutionary times to the present day focusing in particular on the neglected trends of the past fifty years

Democratic Justice Brad Snyder, 2022-08-23 The definitive biography of Felix Frankfurter Supreme Court justice and champion of twentieth century American liberal democracy The conventional wisdom about Felix Frankfurter Harvard law professor and Supreme Court justice is that he struggled to fill the seat once held by Oliver Wendell Holmes Scholars have portrayed Frankfurter as a judicial failure a liberal lawyer turned conservative justice and the Warren Court's principal villain And yet none of these characterizations rings true A pro government pro civil rights liberal who rejected shifting political labels Frankfurter advocated for judicial restraint he believed that people should seek change not from the courts but through the democratic political process Indeed he knew American presidents from Theodore Roosevelt to Lyndon Johnson advised Franklin Roosevelt and inspired his students and law clerks to enter government service Organized around presidential administrations and major political and world events this definitive biography chronicles Frankfurter's impact on American life As a young government lawyer he befriended Theodore Roosevelt Louis Brandeis and Holmes As a Harvard law professor he earned fame as a civil libertarian Zionist and New Deal power broker As a justice he hired the first African American law clerk and helped the Court achieve unanimity in outlawing racially segregated schools in *Brown v Board of Education* In this sweeping narrative Brad Snyder offers a full and fascinating portrait of the remarkable life and legacy of a long misunderstood American figure This is the biography of an Austrian Jewish immigrant who arrived in the United States at age eleven speaking not a word of English who by age twenty six befriended former president Theodore Roosevelt and who by age fifty was one of Franklin Roosevelt's most trusted advisers It is the story of a man devoted to democratic ideals a natural orator and often overbearing justice whose passion allowed him to amass highly influential friends and helped create the liberal establishment

The Chronic Crisis of American Democracy Benjamin Studebaker, 2023-03-17 This book argues that American democracy is in crisis The economic system is slowly subjecting Americans of nearly all income levels and backgrounds to enormous amounts of stress The United States lacks the state capacity required to alleviate this stress and politicians increasingly find that if they promise to solve economic problems they are likely to disappoint voters Instead they encourage voters to blame each other The crisis cannot be solved the economy cannot be set right and democracy cannot be saved But American democracy cannot be killed either Americans can't imagine any compelling alternative political systems And so American democracy continues on in a deeply unsatisfying way Americans invent ever more elaborate coping mechanisms in a desperate bid to go on But it becomes increasingly clear that the way is shut The American political system was made by those who are dead and the dead keep it

Against Democracy: Literary Experience in the Era of Emancipations Simon During, 2012-07-13 This book argues that political democracy has not fulfilled its promise and that we should therefore re-examine literature's long conservative hostility to it It offers new accounts of the ethos of refusing political democracy as well as innovative readings of writers

including Tocqueville Disraeli George Eliot E M Forster and Saul Bellow
