The Border and the Buffalo: An Untold Story of the Southwest Plains John R. Cook, 2020-09-28 I was born in Mount Gilead Ohio on the 19th of December 1844 Father moved his family to Lawrence Kansas in the spring of 1857 That summer we occupied the historical log cabin that J H Lane and Gaius Jenkins had trouble over resulting in the tragic death of the latter Shortly prior to the killing of Jenkins we moved to Peru Indiana where we remained until the latter part of March 1861 when the family

returned to Kansas Myself and oldest brother traveled overland by team and wagon We had three head of horses We left the State line of Indiana at Danville and crossed the Mississippi to Hannibal Missouri the day that General Beauregard fired on Fort Sumter And the War of the Rebellion was on As we were driving up a street in the evening of that great day an old gentleman standing at the gate in front of a cottage hailed us and asked where we were going To Kansas was brother s reply The old gentleman walked out to where we had stopped and said Boys you are goin into a peck of trouble General Buregard cannonaded Fort Sumter to day and is at it yit Boys I d turn round and go back to whar ye come from Brother said No Uncle we could never think of such a thing Our father and mother are now at Lawrence Kansas and we must go to them He replied That place you are going to will be a dangerous place There has already been a power of trouble out thar whar you are goin and thar s bound to be a heap more and all over the nigger too I own nineteen of em but if it would stop the spillin of blood I would free every one of em to night This old gentleman had a kind pleasant looking face wore the typical planter s hat and seemed to take a fatherly interest in us directed us to a certain farm house on our road where we could get accommodations for the night And we passed on having for the first time in our lives seen and talked with the owner of human chattels Some neighbors came to the house where we stayed that night and in earnest fireside talk conveyed the idea that there would be no war for said they when the North finds out that we are in earnest they will not fight us My brother being four years older than I took part in the evening s talk and told them that it was but fair to leave the negro out of the question and to consider the Union as our forefathers left it to us and that he did not think that twenty odd millions of people would consent to have the Union of our forefathers dismembered The next day as we were passing through a densely timbered region an old negro came out from behind a large tree near the wagon track His wool was white as snow his head was bared and holding in one hand an apology for a hat he gave us a courteous bow and said Please Mars is we gwine to be free Their underground telegraph was already bringing word from South Carolina to Missouri My brother being more diplomatic than I could or would have been at the time said to him Why you surprise me Grandpop You look fat and sleek and I know you have more freedom this minute than I have

A Disturbance in the Force Steve Kozak,2023-11-15 Bea Arthur as the owner of the Mos Eisley Cantina Long scenes entirely of Wookies bleating at each other without subtitles Harvey Korman in drag as a four armed Space Julia Child Six minutes of Jefferson Starship performing for Art Carney and a bored Imperial Guard Mark Hamill fresh from his near fatal motorcycle accident slathered in pancake makeup A salacious holographic burlesque from Diahann Carroll Even by the standards of the 1970s even compared to Jar Jar Binks the legendary 1978 Star Wars Holiday Special is a peerlessly cringeworthy pop culture artifact George Lucas who completely disowned the production reportedly has said If I had the time and a sledgehammer I would track down every copy of that show and smash it Just how on earth did this thing ever see the light of day To answer that question as Steven Kozak shows in this fascinating and often hilarious inside look into the making of the Special you have to understand the cultural moment in which it appeared a long long time ago when cheesy variety shows were a staple of network television and Star Wars was not yet the billion dollar multimedia behemoth that it is today Kozak explains how the Special was one piece of a PR blitz undertaken by Lucas and his colleagues as they sought to protect the emerging franchise from hostile studio executives He shows how despite the involvement of some of the most talented people in the business creative differences between movie and television writers led to a wildly uneven product He gives entertaining accounts of the

problems that plagued production which included a ruinously expensive cantina set the acrimonious departure of the director and Lucas himself and a furious Grace Slick just out of rehab demanding to be included in the production Packed with memorable anecdotes drawing on extensive new interviews with countless people involved in the production and told with mingled affection and bewilderment this never before told story gives a fascinating look at a strange moment in pop culture history that remains an object of fascination even today *Drawing the Line* Tom Sito, 2006-10-06

Some of the most beloved characters in film and television inhabit two dimensional worlds that spring from the fertile imaginations of talented animators The movements characterizations and settings in the best animated films are as vivid as any live action film and sometimes seem more alive than life itself In this case Hollywood s marketing slogans are fitting animated stories are frequently magical leaving memories of happy endings in young and old alike However the fantasy lands animators create bear little resemblance to the conditions under which these artists work Anonymous animators routinely toiled in dark cramped working environments for long hours and low pay especially at the emergence of the art form early in the twentieth century In *Drawing the Line* veteran animator Tom Sito chronicles the efforts of generations of working men and women artists who have struggled to create a stable standard of living that is as secure as the worlds their characters inhabit The former president of America s largest animation union Sito offers a unique insider s account of animators struggles with legendary studio kingpins such as Jack Warner and Walt Disney and their more recent battles with Michael Eisner and other Hollywood players Based on numerous archival documents personal interviews and his own experiences Sito s history of animation unions is both carefully analytical and deeply personal *Drawing the Line* stands as a vital corrective to this field of Hollywood history and is an important look at the animation industry s past present and future Like most elements of the modern commercial media system animation is rapidly being changed by the forces of globalization and technological innovation Yet even as pixels replace pencils and bytes replace paints the working relationship between employer and employee essentially remains the same In *Drawing the Line* Sito challenges the next wave of animators to heed the lessons of their predecessors by organizing and acting collectively to fight against the enormous pressures of the marketplace for their class interests and for the betterment of their art form
