Showdown Matt Christopher, 2009-12-19 Freddie and his brother Dondi have always been competitive. Dondi has a job, money to spend, and girls chasing after him, and now he can even drive. But Freddie knows that he has something his brother does not: better snowboarding moves, more daring runs, and overall more advanced techniques. When Dondi challenges his brother to a run down the very dangerous Devil's Ravine, Freddie knows his brother has raised the stakes of their competition too high. Yet he is left with a problem: does he accept Dondi's challenge and potentially hurt himself, or does he back away? If Freddie is leery of Devil's Ravine, then how will Dondi fare on the slopes? The run is very risky, and Freddie must now decide if this brotherly competition and opportunity to outshine his brother is really worth it. **Snowboarding** Holly

Thorpe, 2012-01-06 This book provides a comprehensive look at the snowboarding phenomenon, including its history, techniques, and equipment; biographies of the sport's pioneers, athletes, and heroes; key sites and events; and future directions. While snowboarding didn't become a commercial success until the early 1980s, the roots of the modern snowboard go back to at least 1964 when Sherman Poppen invented the Snurfer by bolting two skis together and adding a rope for stability. Today, snowboarding is one of the most prominent and appealing youth sports. Want proof? Professional snowboarder and two-time Olympic gold medalist Shaun White was the highest-paid athlete entering the 2010 Winter Olympics with an estimated annual salary of 10 million. The book is a highly accessible and extensive overview of snowboarding, providing an introduction to the sport and lifestyle of snowboarding, a historical timeline of the rapid growth of snowboarding techniques and equipment used, and a discussion of key places and events such as Alaska Winter X Games and the Winter Olympics.
