So You Want To Be A Financial Planner:

So, You Want to Be a Financial Advisor... Richard Fransen, 2019-08-21 Richard Fransen began his career in 1974. Not only has Richard performed financial planning but also specialized in insurance, estate and business succession planning. During his career, he has held several positions with major insurance and financial companies. As a sales manager, he recruited and trained new individuals to this profession and ranked fifth in the nation for one major carrier. He was vice president and director of marketing at another company, developing marketing campaigns as well as developing and conducting training programs. He was also a national sales director for a Fortune 100 company, conducting training for company representatives. He still conducts training and manages his personal practice in the insurance and investment profession.

So You Want to Be a Financial Planner Nancy Langdon Jones, 2007 Finally together in one place a comprehensive step by step career as a financial planner. Here is everything you need to know from getting the right credentials to getting the right clients. Over the next few decades, billions of dollars will be changing hands as millions of Baby Boomers retire. Shows you where to find the best schools for licensing and registration. Clearly defines how commission and fee only planners differ. Provides a planner's toolbox of hardware, software and internet sites. Cuts through the maze of regulatory red tape. Gives you proven marketing techniques to jump start your practice.

So You Want to Be a Superinvestor? Ashray Jha, 2023-12-29 It is human nature to make simple things more complicated than they actually are. Investing is no exception. From our early days in school, we are briefly taught about the stock market, given complex formulas to take a quantitative approach and use Greek letters to define terms in the stock market. The constant use of phrases like "smart money" by the media makes you believe you have to know everything about investing to have a chance to succeed. However, there are always two sides to every coin. **So You Want to Be a Superinvestor** examines what we were taught about investing from academia and then questions this conventional thinking. Do the greatest investors like Warren Buffett and other Superinvestors also use the conventional wisdom or do they think about investing differently? Is this nonconventional investing approach accessible to all or only ultrawealthy millionaires? In this easy to understand book, the author details his own journey into investing from his early influences from his dad to what he learned in the realm of academia to researching other great Superinvestors. Across various books and media, these wildly successful investors have shared their teachings on evaluating companies, how to think about market cycles, investor mindsets and how the macro economy affects investing. **So You Want to Be a Superinvestor** is a comprehensive book that takes the various lessons learned from the Superinvestors and illustrates these points by using examples from the author's own life. The author also makes observations on market moving events, the changing psychology of investors and provides research and examples from history to guide you in your investing journey. These principles can be used by beginners to intermediate
