Pitirim A. Sorokin Barry V. Johnston,1995 Pitirim A Sorokin 1889 1968 was one of the most original important and

controversial figures in American sociology His spectacular rise from a peasant childhood in Czarist Russia to the Olympian heights of Harvard University provides an unlikely and fascinating lens for examining the history of an entire discipline And as Barry Johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both Sorokin s life and the tempestuous world of academic politics An outspoken revolutionary and secretary to Alexander Kerensky Sorokin was imprisoned and ordered executed by Lenin then reprieved and exiled During the 1920s he flourished as a teacher and scholar at the University of Minnesota where he published several pioneering books on the Russian Revolution social mobility sociological theory and rural sociology Harvard president A Lawrence Lowell was so impressed that he recruited Sorokin to chair the university s first department of sociology From 1930 to 1944 the department prospered under Sorokin s leadership attracting an entire generation of young scholars who in their own right would have a profound impact on the discipline In this period Sorokin published several volumes of his magnum opus *Social and Cultural Dynamics* and became embroiled in a bitter battle with rival Talcott Parsons for control of the department Parsons ultimately deposed Sorokin and transformed sociology into the Department of Social Relations Sorokin nevertheless stayed on at Harvard where he established the Center for Creative Altruism but otherwise continued to work in relative obscurity Finally in 1963 after years in eclipse Sorokin was recognized for his accomplishments when he was elected president of the American Sociological Association During a long and distinguished career Sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field At the same time he broke with the conventions of sociology frequently ridiculing and taunting his less adventurous colleagues For his heresy the flamboyant Sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science As a result Sorokin s ideas have been consistently ignored and misunderstood for more than a quarter century Based on exhaustive research in Sorokin s papers and the Harvard archives as well as interviews with Sorokin s surviving family members former students and colleagues this biography restores Sorokin to his rightful place in the pantheon of American intellectuals

conceptualizations by anchoring them to contemporary society whose transformations are often difficult to read and above all to highlight how the role of sociology as a science has in part lost sight of its ontological foundation as a service to humanity or public service The theoretical paths taken by Sorokin range from Social and Cultural Dynamics to Social Mobility and to many other topics such as man and society in calamities or love and altruism one of Sorokin's latest topics All these topics can revive the idea of a sociology that holds together the micro meso and macro dimensions and allows us to predict changes in society Globalizing Cultural Studies Cameron McCarthy,2007 The contributors to Globalizing Cultural Studies Ethnographic Interventions in Theory Method and Policy take as their central topic the problematic status of the global within cultural studies in the areas of theory method and policy and particularly in relation to the intersections of language power and identity in twenty first century post 9 11 culture's Writing against the Anglo centric ethnographic gaze that has saturated various cultural studies projects to date contributors offer new interdisciplinary autobiographical ethnographic textual postcolonial poststructural and political economic approaches to the practice of cultural studies This edited volume foregrounds twenty five groundbreaking essays plus a provocative foreword and an insightful afterword in which the authors show how globalization is articulated in the micro and macro dimensions of contemporary life pointing to the need for cultural studies to be more systematically engaged with the multiplicity and difference that globalization has proffered

Interactions Between Iranian and American Literatures Naghmeh Esmaeilpour,2024-05-14 Introducing narrative mobility as a new approach in comparative studies of Iran and the US this book reinterprets the politics and aesthetics of relations between the nations through an analysis of Iranian and American authors The book focuses specifically on three authors Simin Daneshvar Shahriar Mandanipour and Don DeLillo who each employ narrative mobility to rethink intercultural negotiation addressing parallel issues in America and Iran from different but complementary perspectives The book analyzes the employment of parallel narrational techniques presenting physically and virtually mobile characters who embody their respective countries as they move from one culture to another The strange affinity between Iran and the US is ultimately revealed by viewing literary works as a contact zone through which the complicated relations and shared history of the two nations can be renegotiated On a more theoretical level the book reflects on the role of literature in particular the novel as a transnational medium as a bridge between nations in a period of globalization With its focus on cross cultural connections the book will be of interest to anyone studying or researching comparative literature US Iran relations and cultural studies generally **Untangling Cultural Influences on Human Cognition: Integrating Evidence across Cultural Contexts and Methodological Approaches** Eirini Mavritsaki,Panagiotis Rentzelas,Karina J.
