Social Casework Arthur Schwartz, Israel Goldiamond, Michael W. Howe, 1975 Although deconstruction has become a popular catchword as an intellectual movement it has never entirely caught on within the university For some in the academy deconstruction and Jacques Derrida in particular are responsible for the demise of accountability in the study of literature Countering these facile dismissals of Derrida and deconstruction Herman Rapaport explores the incoherence that has plagued critical theory since the 1960s and the resulting legitimacy crisis in the humanities Against the backdrop of a rich informed discussion of Derrida's writings and how they have been misconstrued by critics and admirers alike The Theory Mess investigates the vicissitudes of Anglo American criticism over the past thirty years and proposes some possibilities for reform

Bellack, Michel Hersen, R.L. Morrison, Vincent B. Van Hasselt, 2013-06-29 In the last decade there has been heightened clinical and investigative activity in the area of family violence This of course is partly attributable to recent surveys showing a high incidence of family violence in the United States For example there are indications that nearly 30% of married women in this country are victims of physical abuse by spouses at some point in their marriage Further FBI statistics show that approximately 13% of all homicides are husband wife killings Moreover it has been projected that such figures are likely to increase over the next several years Consistent with these trends funding of family violence research by both federal and private agencies has increased Indeed federal agencies such as the National Institute of Mental Health and the National Institute of Law Enforcement and Criminal Justice have provided considerable support for work in this area In addition family violence particularly wife battering child abuse and sexual abuse of children has been the focus of media attention at the national level and has generated intensive interest in both lay and professional publications Moreover there have been several recent governmental hearings and investigations regarding the prevalence of these problems Social Work Practice and Social Welfare Policy in the United States Philip R. Popple, 2018-01-26 The first new social work history to be written in over twenty years Social Work Practice and Social Welfare Policy in the United States presents a history of the field from the perspective of elites service providers and recipients This book uniquely chronicles and analyzes the development of social work practice theory on two levels from the top down looking at the writings conference presentations and training course material developed by leaders of the profession and from the bottom up looking at case records for evidence of techniques that were actually applied by social workers in the field Additionally the author takes a careful and critical look at the development of social work methods setting it apart from existing histories that generally accept the effectiveness of the field's work Addressing CSWE EPAS standards at both the BSW and MSW levels Social Work Practice and Social Welfare Policy in the United States is ideal both as a primary text for history of social work social welfare classes

and a supplementary text for introduction to social work social welfare or social welfare policy and services classes

Social Casework, 1989 **Social and Moral Theory in Casework (Routledge Revivals)** Raymond Plant, 2009-07-15
First published in 1970 the aim of the book is to map the logical geography of an important set of concepts which enter into the theory of social casework those concerning the individual and society Concepts examined include the individually orientated values of self direction and acceptance and those of role adjustment and integration which express the individual's relation to society The author's main concern is to see whether a coherent theory of the relationship between individual and society can be given in terms of these concepts and to argue that such a theory is fundamental to casework discussion Mr Plant also discusses what if any social or political commitments the activity of casework presupposes and evaluates the view that casework is apolitical **UGC-NET Social Work (PYQ Question bank)** C.P YADAV, 2025-07-06 UGC NET Social Work PYQ Question bank **Encyclopedia of Canadian Social Work** Francis J.
