Steel Traps A. R. Harding, 2019-11-20 In *Steel Traps* A R Harding delves into the intricate emotional and psychological landscapes of his characters against a backdrop of industrial progress and personal strife The novel is characterized by its vivid imagery and lyrical prose reflecting a keen understanding of both the material and intangible aspects of human experience Harding masterfully intertwines themes of ambition moral ambiguity and the consequences of one's choices allowing readers to explore the often tumultuous intersections between progress and personal integrity Set in a time when societal expectations clash with individual desires the narrative urges readers to reflect on the cost of success and the weight of conscience A R Harding known for his nuanced character development and his incisive commentary on modern life draws from his own experiences in witnessing the rapid changes brought by industrialization These experiences coupled with his background in psychology lend authenticity to the emotional struggles of his characters making their journeys resonate on multiple levels Harding's skill lies in his ability to depict not just actions but also the inner turmoil that often accompanies them making him a compelling voice in contemporary literature I highly recommend *Steel Traps* to readers who appreciate thought provoking narratives that challenge conventional notions of morality and success Harding's exploration of the interplay between ambition and ethical dilemmas invites readers to engage deeply with their own beliefs and values This book is not just a story it is a mirror to our society presenting a poignant critique of the price we pay for progress

Steel Traps A. R. Harding, 2015-12-27 To those that have followed the setting of *Steel Traps* there is a fascination or fever which comes over them every fall about the time of the first frosts The only remedy seems to be a few weeks on the trap line While some look upon trapping as an unprofitable business yet the number is becoming rapidly less for more and more people are yearly deriving pleasure profit and health from out door life such as trapping hunting etc There are thousands of trappers scattered over America who are reaping a harvest of fur each year from their *Steel Traps* valued at hundreds of dollars in addition to the healthful sport they enjoy In

some parts of Canada and the Northwest a trapper in a year catches fur the value of which together with the bounty brings him 1 000 00 to 2 000 00 It is said on pretty good authority that a trapper in British Columbia a few years ago caught upwards of 6 000 worth of fur principally marten in one season There are many thousands of trappers scattered from the Gulf of Mexico to the Arctic Ocean and from the Pacific to the Atlantic that make hundreds of dollars each year with Steel Traps There is also a vast number who trap only a few weeks each season This includes boys and farmers after the busy season The actual number engaged in trapping is not known Neither is the actual value of the raw fur catch but it is thought to exceed 10 000 000 yearly Is it any wonder then that so many want to know more about Steel Traps and Trapping Considerable of the information herein in regard to traps scent decoy etc is gathered from old and experienced trappers from all parts of America as well as from the great trap manufacturers Oneida Community Ltd so that readers can rely upon the information imparted in this book as being trustworthy Some books purporting to be of value to hunters and trappers are written by men who have never followed a line of traps or been in close touch with trappers The author of this work has been engaged for many years in trapping and collecting furs and has come into close contact with many of the leading trappers of the country Steel Traps are far superior to Snares or Deadfalls from the fact that they can be used for both land and water trapping while Snares and Deadfalls are adapted to Land Trapping only
