## Steep Cliffs:

An Illustrated Tour of the 1879 Anglo-Zulu Battlefields Adrian Greaves, 2025-08-05 Greaves work offers detailed maps and firsthand insight into the Anglo Zulu War providing necessary insight and overviews of the conflict's pivotal battles like Isandlwana and Rorke's Drift In 1878 southern Africa's two most senior figures army commander General Lord Chelmsford and the High Commissioner Sir Henry Bartle Frere created a false threat of a Zulu invasion of British Natal In an astonishing act of over confidence and without any government permission Frere and Chelmsford invaded Zululand with five independent columns of troops Both leaders ignored the serious implications of their two recently failed expeditions against the Zulus neighbouring King Sekhukhune and his Pedi people The Zulu war lasted only six months and witnessed two separate British invasions of Zululand one catastrophic one successful This book gives the reader a general overview of the Anglo Zulu war of 1879 with descriptive text location photographs and illuminating map overviews of the twelve main battles including Isandlwana and Rorke's Drift The author's unique maps are based on his own lecture notes and battlefield map handouts as a Zulu War battlefield guide for over 25 years These maps were avidly collected by his many groups and other guides they clearly explain each battlefield's layout and sequence of events but also included many little known details of each fierce and bloody engagement At the suggestion of the Anglo Zulu War Historical Society these maps are now reproduced in book form While volumes have been written on the subject this work gives us an even better insight into these gruelling and complex battles
