Peace at All Costs Annika Elisabet Frieberg, 2019-07-11 Although it was characterized by simmering international tensions the early Cold War also witnessed dramatic instances of reconciliation between states as former antagonists rebuilt political economic and cultural ties in the wake of the Second World War And such efforts were not confined to official diplomacy as this study of postwar rapprochement between Poland and West Germany demonstrates Drawing on a wide range of sources *Peace at All Costs* follows Polish and German non state activists who attempted to establish dialogue in the 1950s and 1960s showing how they achieved modest successes and media attention at the cost of more nuanced approaches to their national histories and identities

Lost Plantation Marc R. Matrana, 2006-01-01 Along the fertile banks of the Mississippi River across from New Orleans planter Camille Zeringue transformed a mediocre colonial plantation into a thriving gem of antebellum sugar production complete with a columned mansion known as Seven Oaks Under the moss strewn oaks the privileged master nurtured his own family but enslaved many others Excelling at agriculture business an ambitious canal enterprise and local politics Zeringue ascended to the very pinnacle of southern society But his empire soon came crashing down After the ravages of the Civil War and a nasty battle with a railroad company the family eventually lost the great estate Seven Oaks ultimately ended up in the hands of distant railroad executives whose only desire was to rid themselves of this heap of history *Lost Plantation* The Rise and Fall of Seven Oaks tells both of Zeringue's climb to the top and of his legacy's eventual ruin Preservationists and community members abhorred the railroad's indifferent attitude and the question of the plantation mansion's fate fueled years of fiery political battles These hard fought confrontations ended in 1977 when the exasperated railroad executives sent bulldozers through the decaying house By analyzing one failed effort *Lost Plantation* provides insight into the complex workings of American historical preservation efforts as a whole while illustrating how southerners deal with their

multifaceted past The rise and fall of Seven Oaks is much more than just a local tragedy it is a glaring example of how any community can be robbed of its history Now as parishes around New Orleans recognize the great aesthetic and monetary value of restoring plantation homes and attracting tourism Jefferson Parish mourns a manor lost Marc R Matrana Westwego Louisiana is a local historian and preservationist See the author s site *Decisions and Orders of the National Labor*

Joshua Billings,2024-06-04 A bold new reconception of ancient Greek drama as a mode of philosophical thinking The Philosophical Stage offers an innovative approach to ancient Greek literature and thought that places drama at the heart of intellectual history Drawing on evidence from tragedy and comedy Joshua Billings shines new light on the development of early Greek philosophy arguing that drama is our best source for understanding the intellectual culture of classical Athens In this incisive book Billings recasts classical Greek intellectual history as a conversation across discourses and demonstrates the significance of dramatic reflections on widely shared theoretical questions He argues that neither literature nor philosophy was a defined category in the fifth century BCE and develops a method of reading dramatic form as a structured investigation of issues at the heart of the emerging discipline of philosophy A breathtaking work of intellectual history by one of today s most original classical scholars The Philosophical Stage presents a novel approach to ancient drama and sets a path for a renewed understanding of early Greek thought Contraband Guides Paul H. D. Kaplan,2020-04-23

In his best selling travel memoir The Innocents Abroad Mark Twain punningly refers to the black man who introduces him to Venetian Renaissance painting as a contraband guide a term coined to describe fugitive slaves who assisted Union armies during the Civil War By means of this and similar case studies Paul H D Kaplan documents the ways in which American cultural encounters with Europe and its venerable artistic traditions influenced nineteenth century concepts of race in the United States Americans of the Civil War era were struck by the presence of people of color in European art and society and American artists and authors both black and white adapted and transformed European visual material to respond to the particular struggles over the identity of African Americans Taking up the work of both well and lesser known artists and writers such as the travel writings of Mark Twain and William Dean Howells the paintings of German American Emanuel Leutze the epistolary exchange between John Ruskin and Charles Eliot Norton newspaper essays written by Frederick Douglass and William J Wilson and the sculpture of freed slave Eug ne Warburg Kaplan lays bare how racial attitudes expressed in mid nineteenth century American art were deeply inflected by European traditions By highlighting the contributions people of black African descent made to the fine arts in the United States during this period along with the ways in which they were represented Contraband Guides provides a fresh perspective on the theme of race in Civil War era American art It will appeal to art historians to specialists in African American studies and American studies and to general

readers interested in American art and African American history
