**Popular Music** Tim Byron,Jadey O'Regan,2022-11-22 This volume is the first book length study of hooks in popular music Hooks those memorable musical moments for listeners such as a riff or catchy melodic phrase are arguably the guiding principle of much modern popular music The concept of the hook involves aspects of melody rhythm harmony production lyrical and cultural meaning and how these interact within a song s topline and backing track Hooks are also inherently related to the human capacities for memory and attention and interact with our previous experiences with music

Understanding hooks in popular music requires a new interdisciplinary approach drawing from popular music studies pop musicology and music psychology and this book draws from each of these disciplines to understand the hooks present in a broad range of popular music styles from the last thirty years **Little Bird** Claudia Ulloa Donoso,2021-08-17 After moving from Peru north of the Arctic circle to begin graduate school Claudia Ulloa Donoso began blogging about insomnia Not hers necessarily the blog was never defined as fact or fiction Her blog posts became the bones of Little Bird short stories with a nod to fervent self declaration of diary entries and the hallucinatory haze of sleeplessness Blending narration and personal experience the stories in Little Bird stretch reality a sharp shooting combination of George Saunders and Samanta Schweblin Characters real and unreal seductive shape changing and baffling come together in smooth prose that ultimately defies fact and fiction **The Baby Bargain: A FREE workplace, later in life, friends to lovers, steamy romantic comedy** Ellis
