The Roman Empire. Byzantium. Ottoman Empire Arthur Mee,1908 **Teaching Global History** Alan J. Singer,2012-04-27 Teaching Global History challenges prospective and beginning social studies teachers to formulate their own views about what is important to know in global history and why It explains how to organize the curriculum around broad social studies concepts and themes and student questions about humanity history and the contemporary world All chapters include lesson ideas a sample lesson plan with activity sheets primary source documents and helpful charts graphs photographs and maps High school students responses are woven in throughout Additional material corresponding to each chapter is posted online at http://people.hofstra.edu/alan_j_singer The traditional curriculum tends to highlight the Western heritage and to race through epochs and regions leaving little time for an in depth exploration of concepts and historical themes for the evaluation of primary and secondary sources and for students to draw their own historical conclusions Offering an alternative to such pre packaged textbook outlines and materials this text is a powerful resource for promoting thoughtful reflection and debate about what the global history curriculum should be and how to teach it *Human Rights in World History* Peter N. Stearns,2022-12-30 This book takes a

global historical perspective to trace the rise of human rights and their global impact from the 18th century to the present This fully updated volume examines the complex relationships between Western concepts of human rights and developments in other world regions After providing background on relevant premodern concepts and constraints the book explores regional interactions with human rights the disastrous impact of imperialism and racism the recurrent expansion of the range of rights given to those including women and children and indigenous rights from the 19th century to the present Major revisions for the second edition include a new chapter focusing on recent historical and interdisciplinary debates a separate chapter on developments between the world wars greater attention to causation and an expanded treatment of some regions including Africa an analysis of the mix of setbacks and rights expansion during the past 15 years within the global framework Human Rights in World History is essential reading for students scholars and researchers interested in modern history human rights and political science **First steps in French reading and composition.
