Stepfamilies History Research And Policy:

Stepfamilies Marvin B Sussman, 2020-04-01 Stepfamilies History Research and Policy examines language use laws cultural stereotypes media images and social policies and practices to create an understanding of how predominant views about stepfamilies and stepfamily members are constructed within society As the rates of divorce and remarriage continue to increase it is more important than ever to overcome nuclear family ideology and abandon the model of research that compares stepfamilies with nonstepfamilies This book shows you how honor and empowerment can be attained in new family structures and how alternative kin networks can be just as healthy as the traditional nuclear family unit As this book examines the ability of different societies to integrate different family forms into mainstream notions of family you will realize the damaging effects of treating stepfamilies as incomplete undesirable institutions In fact Stepfamilies History Research and Policy will challenge your notions of family over and over again as it discusses key relationships in stepfamilies stepfather involvement in parenting after remarriage meaning of gender in a stepfamily differences in investment between biological and nonbiological parents demographic change and significant shifts in the social and cultural implications of stepfamilies attempting to reconstruct a household like that of a previous marriage the impact of stereotypes on the internal dynamics of stepfamilies and on the interactions of stepfamilies with outsiders the absence of guidelines and cultural norms for role performance and problem solving in stepfamilies Stepfamilies History Research and Policy discusses both the difficulties of forming new families and households as well as the factors that promote family cohesiveness and integration in stepfamilies From stereotypes of stepmothers to ambiguous legal relationships to child maltreatment in stepfamilies to sibling relations there isn't much that the penetrating lens of this book leaves uncovered **Stepfamilies** Irene Levin, Marvin B.

Sussman, 1997 Examines the language use laws cultural stereotypes media images and social policies and practices that contribute to views about stepfamilies and their members in mainstream western culture Some of the issues addressed are how honor and empowerment can be attained in new family structures how alternative kin networks can be as healthy as traditional nuclear families and the damaging effects of treating stepfamilies as incomplete and undesirable institutions The 17 articles are also published as Marriage and Family Review v 26 nos 1 2 3 4 Paper edition 0338 4 24 95 Annotation

Stepfamilies are not a modern phenomenon but despite this reality the history of stepfamilies in America has yet to be fully explored In the first book length work on the topic Lisa Wilson examines the stereotypes and actualities of colonial stepfamilies and reveals them to be important factors in early United States domestic history Remarriage was a necessity in this era when war and disease took a heavy toll all too often leading to domestic stress and cultural views of stepfamilies during this time placed great strain on stepmothers and stepfathers Both were seen either as unfit substitutes or as potentially unstable influences and nowhere were these concerns stronger than in white middle class families for whom

stepparents presented a paradox Wilson shares the stories of real stepfamilies in early New England investigating the relationship between prejudice and lived experience and in the end offers a new way of looking at family units throughout history and the cultural stereotypes that still affect stepfamilies today **Stepfamily Relationships** Lawrence H. Ganong, Marilyn Coleman, 2011-06-27 This volume focuses on a wide range of behaviors and outcomes in stepfamily relationships both positive and negative The authors use the normative adaptive perspective to seek out and study adaptive well functioning stepfamilies and find how they differ from those who struggle to cope It will be a welcome text and reference for all those who study and work with stepfamilies and families in general **Family Psychology** William M. Pinsof, Jay L. Lebow, 2005-09-01 Bringing together the finest minds in family psychology this book provides researchers young scholars and knowledgeable consumers with five mini books or manuals for understanding and conducting family research The five mini books respectively target state of the art research on good marriage depression divorce and remarriage partner violence and families and physical health The Role of the Father in Child Development Michael E. The Contemporary American Family Teresa Chandler Sabourin, 2003-04-07 I find the book extremely attractive The dialectical perspective provides a consistent avenue from which to address the diversity structural cultural developmental and functional in Contemporary American Families Whereas this perspective does not claim to solve the tensions in families it offers marvelous insights into the nature and changing diversities in families I believe this text is particularly well suited for reasonable discussion of serious issues and provides valuable insights into the nature of families and their functioning Vince Bloom California State University Fresno Teresa Chandler Sabourin invites students to appreciate the mystery complexity and diversity of the contemporary American family Resisting simplistic descriptions and normative descriptions Sabourin challenges us to open our minds and hearts to the rich humane variety of family connections as we search for ways to accommodate the competing demands and conflicting pressures experienced in our most cherished relationships Starting from the source of her own experience Sabourin addresses both the darker abusive side of family relationships as well as the lighter spiritual side of intimacy and love The Contemporary American Family successfully addresses the need for an accessible and teachable treatment of the dialectical perspective on close relationships This is a book that will encourage students of family communication to respect diversity question taken for granted assumptions and share the pain and joy and of their own family experiences Art Bochner University of South Florida Increasingly diverse in structure and culture contemporary families defy explanation by many traditional linear methods In order to understand the enormous impact that diversity has on the behaviors and relationships within the family scholars and students need a means to embrace rather than solve relational contradictions The Contemporary American Family A Dialectical Perspective on Communication and Relationships recognizes that families are both close and distant stable and changing amenable and uncontrollable Teresa Chandler Sabourin employs a dialectical approach acknowledging that a family's contradictions and relational tensions may be the determining factor in its interaction Writing in a direct and simple style Sabourin uses this innovative theoretical position to address four types of family diversity structural cultural developmental and functional Sure to stimulate discussion and further research this provocative volume examines The dialectic process in the context of family communication and relationships The redefined more inclusive American family Contemporary family structures Cultural diversity in the family Issues such as alcoholism domestic violence and divorce

Spirituality within the family Designed as a supplemental text for upper level undergraduate and graduate courses in Family Communication The Contemporary American Family is also an invaluable resource for students in Family Studies and Women's Studies courses *Stepdads* William Marsiglio,2004 In *Stepdads* Stories of Love Hope and Repair William Marsiglio addresses provocative and timely questions facing stepfathers single mothers and remarried couples today This book speaks to those who study and work with stepfamilies as well as persons who have ever thought about or lived in a stepfamily

Sociology of Family Life David Cheal,2020-06-03 This lucid and accessible introductory text from a highly regarded author provides students who are encountering the sociology of the family for the first time with a systematic and stimulating way of thinking about the subject based on a core set of analytical questions Coherent and persuasive it blends theory with empirical examples drawn from all over the world thus offering valuable insights into the differences and commonalities between families in quite diverse social and cultural contexts **Changing Families, Changing Responsibilities** Marilyn Coleman, Lawrence Ganong,1999-05 This volume explores attitudes and beliefs concerning intergenerational family responsibilities with special focus on families affected by divorce and or remarriage For developmentalists family studies specialists sociologists and policy makers **Encyclopedia of Primary Prevention and Health Promotion** Thomas P. Gullotta, Martin Bloom,2003-01-31 Foundational topics such as history ethics and principles of primary prevention as well as specific issues such as consultation political issues and financing The second section addresses such topics as abuse depression eating disorders HIV AIDS injuries and religion and spirituality often dividing such topics into separate entries addressing childhood adolescence and adulthood **Brave New Stepfamilies** Susan D. Stewart,2006-12-20 Brave New Stepfamilies is an excellent treatise on today's families This volume is a welcome addition to the field of family studies and I highly recommend it Jeanne Brooks Gunn Columbia University A thorough balanced tour de force Frances Goldscheider University of Maryland Brave New Stepfamilies maps the changing landscape of American stepfamilies taking readers on a tour through the diverse assortment of traditional and not so traditional stepfamily forms that have emerged in recent years Author Susan D Stewart presents the latest scholarly research on stepfamilies in an accessible way weaving together predominant theoretical perspectives findings from research and national surveys and interviews with stepfamily members Key Features Investigates the social and demographic trends that have irrevocably altered stepfamily life While most books on stepfamilies focus on divorce and remarriage this book examines recent trends such as couples having children and living together outside of marriage parents sharing custody of children gay marriage the aging population and increasing racial and ethnic diversity that provide multiple pathways to stepfamily formation Explores a wide range of living arrangements caregiving and intimacy scenarios This book captures the lived experience of contemporary Americans Extending across various household settings this book pays special attention to multihousehold stepfamilies stepparent adoption stepfamilies with adult stepchildren and African American stepfamilies Provides practical information on the prevalence of stepfamilies in

society Counting the number of stepfamilies in society is difficult published estimates are sometimes unreliable This book describes the latest data sources trends in data collection and data limitations In addition useful information on the legal and practical realities of living as a stepfamily is provided Intended Audience This is an excellent text for a variety of advanced undergraduate and graduate courses on family such as Divorce and Remarriage Stepfamilies Family Diversity Gay and Lesbian Families Aging and the Family African American Families and Family Policy in departments of sociology human development family studies psychology African American or ethnic studies and public policy Mothers, Mothering and Motherhood Across Cultural Differences - A Reader Andrea O'Reilly, 2014-05-01 Mothers Mothering and Motherhood across Cultural Differences the first ever Reader on the subject matter examines the meaning and practice of mothering motherhood from a multitude of maternal perspectives The Reader includes 22 chapters on the following maternal identities Aboriginal Adoptive At Home Birth Black Disabled East Asian Feminist Immigrant Refugee Latina Chicana Poor Low Income Migrant Non Residential Older Queer Rural Single South Asian Stepmothers Working Young Mothers and Mothers of Adult Children Each chapter provides background and context examines the challenges and possibilities of mothering motherhood for each group of mothers and considers directions for future research The first anthology to provide a comprehensive examination of mothers mothering motherhood across diverse cultural locations and subject positions the book is essential reading for maternal scholars and activists and serves as an ideal course text for a wide range of courses in Motherhood Studies **Pioneering Paths in the Study of Families** Gary W Peterson, Suzanne Steinmetz, 2014-03-18 Meet the men and women whose groundbreaking work elevated the field of family studies In Pioneering Paths in the Study of Families The Lives and Careers of Family Scholars you ll find 40 autobiographies written by leading scholars in sociology family studies psychology and child development Their fascinating stories demonstrate how their family experiences educational opportunities and occupational endeavors not only shaped the disciplines they chose but also shaped the theoretical perspectives they utilized and the topics they researched From the editors These autobiographies document the experiences of scholars from the early twentieth century to the present The descriptions of early influences on their education of their graduate school experiences and of their academic career paths provides a wealth of valuable material Since four of these scholars have died and a number are in their eighties or older these histories provide rich case studies on factors that influence the decision to go to college get married pursue an advanced degree make specific occupational choices and investigate certain topics These autobiographies also detail the barriers that early women scholars in the social sciences faced The scholars whose lives you will learn about in Pioneering Paths in the Study of Families include Joan Aldous Katherine R Allen Pauline Boss Carlfred B Broderick Wesley R Burr Catherine Street Chilman Harold T Christensen Marilyn Coleman Rand D Conger Randal D Day William J Doherty Evelyn Millis Duvall Glen H Elder Jr Bernard Farber Margaret Feldman Mark A Fine Greer Litton Fox Frank F Furstenberg Viktor Gecas Harold D Grotevant Gerald Handel Michael E
