Stepping Stones Heather L. Claussen, 2014-03 This book develops the truth that the creation of the family was in God's heart from before the foundations of the world were laid In this time of tragic breakdown in the family and the moral decline in our society the Father's passion is to restore and reconcile the family back to Himself and to one another His plan of restoration can be traced through the blood covenants in the Old Testament right up to the New Covenant when Jesus came to shed His blood and reconcile us to the Father forever It is time for the covenants to be reintroduced so that we can live our lives and raise our children to walk in covenant with the Living God If we receive this revelation we will no longer walk in fear and insecurity and will pass on this heritage of peace from generation to generation **Pathways of Addiction**
