Prairie populations Marchildon examines how Tommy Douglas and a new generation of reformers radicalized by the Depression prioritized socialized health care The book reveals how as the provincial party leader Douglas leveraged support from both local and external allies to rapidly implement universal hospital insurance and lay the groundwork for a new health system Despite strong opposition from physician and business lobbies Douglas continued to pressure the government for federal cost sharing of universal health coverage Drawing on archival sources including speeches television broadcasts and cabinet documents Tommy Douglas and the Quest for Medicare in Canada illuminates how Douglas's vision leadership and coalition building among unions were crucial to the successful establishment of Medicare in Canada **Making Medicare** Gregory P. Marchildon, 2012-01-01 This collection fills a serious gap in the existing literature by providing a comprehensive policy history of Medicare in Canada Saskatchewan Politics Howard A. Leeson, 2009 Accompanied by DVD videodisc entitled The 2006-08 throne and budget debates between NDP leader Lorne Calvert and Saskatchewan Party leader Brad Wall in jewel case Party of Conscience Roberta Lexier, Stephanie Bangarth, Jonathan Weier, 2018-09-24 Surveying the field of political history in Canada one might assume that the politics of the nation have been shaped solely by the Liberal and Conservative parties Relatively little attention has been paid to the contributions of the CCF and NDP in Canadian politics This collection remedies this imbalance with a critical examination of the place of social democracy in Canadian history and politics Bringing together the work of politicians think tank members party activists union members scholars students and social movement actors in important discussions about social democracy delving into an array of topics including municipal provincial and national issues labour relations feminism contemporary social movements war and society security issues and the media Party of Conscience reminds Canadians of the important contributions the CCF and NDP have made to a progressive compassionate idea of Canada **Doctors beyond Borders** Laurence Monnais, David Wright, 2016-05-09 The transnational migration of health care practitioners has become a critical issue in global health policy and ethics Doctors beyond Borders provides an essential historical perspective on this international issue showing how foreign trained doctors have challenged and transformed health policy and medical practice in countries around the world Drawing on a wide variety of sources from immigration records and medical directories to oral histories the contributors study topics ranging from the influence of South Asian doctors on geriatric medicine in the United Kingdom to the Swedish reaction to the arrival of Jewish physicians fleeing Nazi Germany and the impact of the Vietnam War on the migration of doctors to Canada Combining social history the history of health and medicine and immigration history Doctors beyond Borders is an impressive selection of essays on a topic that continues to have global relevance *Redistributing Health* Thomas Allan McIntosh, Bonnie Jeffery, Nazeem Muhajarine, 2010 What too few people realize is that as Andre Picard writes in his Foreword to Redistributing Health social justice or lack thereof has a greater impact on the health of the population than the human genome lifestyle choice and medical treatment The truth is that things like poverty social exclusion lack of meaningful employment and lack of

access to education or good housing contribute significantly to ill health in Canada and none of these will be remedied by doctors or hospitals or pill bottles

Separate Beds Maureen K. Lux, 2016-01-01 Separate Beds is the shocking story of Canada's system of segregated health care Operated by the same bureaucracy that was expanding health care opportunities for most Canadians the Indian Hospitals were underfunded understaffed overcrowded and rife with coercion and medical experimentation Established to keep the Aboriginal tuberculosis population isolated they became a means of ensuring that other Canadians need not share access to modern hospitals with Aboriginal patients Tracing the history of the system from its fragmentary origins to its gradual collapse Maureen K Lux describes the arbitrary and contradictory policies that governed the Indian Hospitals the experiences of patients and staff and the vital grassroots activism that pressed the federal government to acknowledge its treaty obligations A disturbing look at the dark side of the liberal welfare state Separate Beds reveals a history of racism and negligence in health care for Canada's First Nations that should never be forgotten
