British Film Catalogue Denis Gifford,2016-04-01 First published in 2001 The standard work on its subject this resource includes every traceable British entertainment film from the inception of the silent cinema to the present day Now this new edition includes a wholly original second volume devoted to non fiction and documentary film an area in which the British film industry has particularly excelled All entries throughout this third edition have been revised and coverage has been extended through 1994 Together these two volumes provide a unique authoritative source of information for historians archivists librarians and film scholars **European Cinemas in the Television Age** Dorota Ostrowska,2007-02-01

European Cinemas in the Television Age is a radical attempt to rethink the post war history of European cinemas The authors approach the subject from the perspective of television s impact on the culture of cinema s production distribution consumption and reception Thus they indicate a new direction for the debate about the future of cinema in Europe In every European country television has transformed economic technological and aesthetic terms in which the process of cinema production had been conducted Television s growing popularity has drastically reshaped cinema s audiences and forced governments to introduce policies to regulate the interaction between cinema and television in the changing and dynamic audio visual environment It is cinematic criticism which was slowest in coming to terms with the presence of television and therefore most instrumental in perpetuating the view of cinema as an isolated object of aesthetic critical and academic inquiry The recognition of the impact of television upon European cinemas offers a more authentic and richer picture of cinemas in Europe which are part of the complex audiovisual matrix including television and new media *Seventies British Cinema* Robert Shail,2019-07-25 *Seventies British Cinema* provides a comprehensive re evaluation of British film in the

1970s The decade has long been written off in critical discussions as a doldrums period in British cinema perhaps because the industry facing near economic collapse turned to unacceptable low culture genres such as sexploitation comedies or extreme horror The contributors to this new collection argue that 1970s cinema is ripe for reappraisal giving serious critical attention to populist genre films they also consider the development of a British art cinema in the work of Derek Jarman and Peter Greenaway and the beginnings of an independent sector fostered by the BFI Production Board and producers like Don Boyd A host of highly individual directors managed to produce interesting and cinematically innovative work against the odds from Nicolas Roeg to Ken Russell to Mike Hodges As well as providing a historical and cinematic context for understanding Seventies cinema the volume also features chapters addressing Hammer horror the Carry On films Bond films of the Roger Moore period Jubilee and other films that responded to Punk rock heritage cinema and case studies of key seventies films such as The Wicker Man and Straw Dogs In all the book provides the final missing piece in the rediscovery of British cinema s complex and protean history Contributors Ruth Barton James Chapman Ian Conrich Wheeler Winston Dixon Christophe Dupin Steve Gerrard Sheldon Hall I Q Hunter James Leggott Claire Monk Paul Newland Dan North Robert Shail Justin Smith and Sarah Street

God Save The Kinks Rob Jovanovic, 2013-06-03 In August 1964 The Kinks released their third single After a little noticed debut and a follow up that had failed to chart at all Pye Records were threatening to annul the group s contract But with its unforgettable distorted guitar riff You Really Got Me went on to reach No 1 entering the US Top Ten later the same year Followed by a string of hits it marked the breakthrough of one of Britain s most innovative and influential bands and a turning point in the fortunes of two brothers whose troubled story is as tumultuous and characterful as the music they produced Ray and Dave Davies Born into a deeply musical working class family in London s Muswell Hill Ray and Dave grew up in a city recovering from the bombs and privations of the Second World War More than any other musicians of the Sixties

they crafted the soundtrack that made it swing again In songs such as Dedicated Follower of Fashion Sunny Afternoon which toppled The Beatles to become the hit of Summer 1966 Waterloo Sunset Days and Lola they drew on music hall folk and rhythm and blues to craft a peculiarly English pop idiom inspiring generations of songwriters from David Bowie to Jarvis Cocker and Damon Albarn Pocked by sibling rivalry furious on stage violence walkouts overdoses a career throttling ban from the US gross self indulgence and the band s curious rebirth as eighties stadium rockers the story laid bare in God Save The Kinks is one of the greatest in British pop history *The British Sitcom Spinoff Film* Stephen Glynn,2023-12-07 This book constitutes the first full volume dedicated to an academic analysis of theatrically released spinoff films derived from British radio and television sitcoms Regularly maligned as the nadir of British film production and marginalised as a last resort for the financially bereft industry during the 1970s this study demonstrates that the sitcom spinoff film has instead been a persistent and important presence in British cinema from the 1940s to the present day and includes occasional works with distinct artistic merit Alongside an investigation of the economic imperative underpinning these productions i e the exploitation of proven product with a ready made audience it is argued that with a longevity stretching from Arthur Askey and his wartime Band Waggon 1940 to the crew of Kurupt FM and their recent People Just Do Nothing Big in Japan 2021 the British sitcom spinoff can be interpreted as following a full generic life cycle Starting with the formative stage where works from Hi Gang 1941 to I Only Arsked 1958 establish the genre s characteristics the spinoff genre moves to its classic stage where secure for form and content it enjoys considerable popular success with films like Till Death Us Do Part 1969 On the Buses 1971 The Likely Lads 1976 and Rising Damp 1980 the genre s revival since the late 1990s reveals a more parodic final stage with films like The League of Gentlemen s Apocalypse 2005 adopting a consciously self reflective mode It is also posited that the sitcom spinoff film is a viable source for social history with the often stereotypical re presentations of characters and events an often blatant ideological metonym for the concerns of wider British society notably in issues of class race gender and sexuality **Passport to Fame** Huw Prall,2024-05-28 Passport to Fame is a comprehensive study of Diana s work across her 40 years of filmmaking The book is also an invaluable source of reference to the film buff interested in the changing face of the film industry **A Book about the Film Monty Python and the Holy Grail** Darl Larsen,2015-03-06 Monty Python s Flying Circus aired from 1969 until 1974 but the conclusion of the series did not mark the end of the troupe s creative output Even before the final original episodes were recorded and broadcast the six members began work on their first feature length enterprise of new material Rather than string together a series of silly skits they conceived a full length story line with references to the real and imagined worlds of the mythical King Arthur the lives of medieval peasants and the gloomy climate of 1970s Britain Released in 1975 Monty Python and the Holy Grail was a modest success but has since been hailed as a modern classic In A Book about the Film Monty Python and the Holy Grail All the References from African Swallows to Zoot Darl Larsen identifies and examines the cultural historical and topical allusions in the movie In this

entertaining resource virtually every reference that appears in a scene whether stated by a character depicted in the mise en scene or mentioned in the print companion is identified and explained Beyond the Arthurian legend entries cover literary metaphors symbols names peoples and places as well as the myriad social cultural and historical elements that populate the film This book employs the film as a window to both reveal and examine Arthurian life and literature the historical Middle Ages and a Great Britain of labor unrest power shortages and the common man Introducing the reader to dozens of medievalist histories and authors and connecting the film concretely to the modern British Empire A Book about the Film Monty Python and the Holy Grail will appeal to fans of the troupe as well as medieval scholars and academics who can laugh at themselves and their work

Contains over 1 000 photos **Erotic Vagrancy** Roger Lewis, 2023-10-26 One of the very best biographies I have ever read STEPHEN FRY A hot thunderstorm of a book DAVID HARE Erotic Vagrancy gave me a week of pure joy CRAIG BROWN Unputdownable TONY PALMER A genius writer LYNN BARBER I've never read anything like it RICHARD E GRANT Richard Burton and Elizabeth Taylor were a Sixties supercharged couple in an era of supercharged couples As a pairing they were fantasy figures impossibly desirable Liz supple and soft in perfumes and furs yet with something demonic and lethal about her Dick in turn with his ravaged handsome face looked as though lit by silver moonlight poised to turn into a wolf Roger Lewis uses this glamorous and damaged pair as the starting point to tell the story of an age of excess the freaks and groupies the private jets and jewels and the yachts sailing in an azure sea the magnificent bad taste and greed It is about the clash of worlds the filth and decay of South Wales and the grandeur and elegance of Old Hollywood the fantasies we have about film stars and the fantasies the Burtons had about each other Terry Nation Alwyn W. Turner, 2013-04-01 A splendidly entertaining biography of the British tv writer acclaimed for his invention of a fictional alien race for Doctor Who Dominic Sandbrook author of State of Emergency The Way We Were Britain 1970 1974 The Daleks are one of the most iconic and fearsome creations in television history Since their first appearance in 1963 they have simultaneously fascinated and terrified

generations of children their instant success ensuring and sometimes eclipsing that of Doctor Who They sprang from the imagination of Terry Nation a failed stand up comic who became one of the most prolific writers for television that Britain ever produced Survivors his vision of a post apocalyptic England so haunted audiences in the Seventies that the BBC revived it over thirty years on and Blake s 7 constantly rumored for return endures as a cult sci fi classic But it is for his genocidal pepperpots that Nation is most often remembered and now more than 50 years after their creation they continue to top the Saturday night ratings Yet while the Daleks brought him notoriety and riches Nation played a much wider role in British broadcasting s golden age He wrote for Spike Milligan Frankie Howerd and an increasingly troubled Tony Hancock and as one of the key figures behind the adventure series of the Sixties including The Avengers The Saint and The Persuaders he turned the pulp classics of his boyhood into a major British export In The Man Who Invented the Daleks acclaimed cultural historian Alwyn W Turner explores the curious and contested origins of Doctor Who s greatest villains and sheds light on a strange world of ambitious young writers producers and performers without whom British culture today would look very different

The Cultural Lives of Greyhounds John Stokes,2025-02-07 This book aims to enhance our intellectual understanding of the relationship between human beings and domestic animals with a focus on a specific breed of dog the greyhound It combines literary criticism cultural history and the rapidly expanding field of human animal studies by tracing the creative representation of the greyhound from the earliest references in classical myth to multiple appearances in contemporary literature performance and the fine arts Each representation whether of hunter or racer of pet or predator is treated not simply as a stage in some inevitable humanitarian progression but as part of a series of co evolutionary exchanges between humans and their canine collaborators that together constitute a shared experience Writers who have been fascinated by greyhounds range from Shakespeare to Dryden from William Wordsworth to George Meredith from Marcel Proust to Colette from William Butler Yeats to Ted Hughes and beyond The haunting image of the breed has inspired artists such as D rer Hogarth and Giacometti
