Step toe And Son The Seven Steptoerai:

The Steptoe and Son Encyclopedia Brian Carver, 2024-05-30 Steptoe and Son is a classic British sitcom that ran on the BBC between 1962-74. The series has two iconic characters: Albert Steptoe and his rag and bone man son Harold Wildred Brambell as Albert and Harry H Corbett as Harold. Both give wonderful performances in the series. As well as being a great comedy, Steptoe and Son has many dramatic elements and social commentary relating to the relationship between father and son, changes in society, their working class existence, and their rather old-fashioned rag and bone trade. Find out more about this iconic series in this Encyclopedia.

The True Adventures of the World's Greatest Stuntman Vic Armstrong, Robert Sellers, 2011-05-17 No CGI can match what Vic can accomplish. Steven Spielberg: Vic is The Man. Pierce Brosnan: Vic Armstrong is of course a legend. Martin Scorsese: This is the best and most original behind-the-scenes book I have read in years. Gripping and revealing. Vic Armstrong is modest, humorous, and wry. Altogether brilliant company. Roger Lewis: Daily Mail. A page-turner. I couldn't put it down. I had a great time reading this book and give it my highest recommendation. Leonard Maltin: Vic has been this unheralded savior of movie magic for decades, and hearing how he makes the incredible credible is a must for any film fan. Hollywood.com: Armstrong is a fascinating guy and a straight shooter. His book is fantastic. Ain't It Cool News: The man is a legend in the industry. A mind-blowing must-read biography. Movies.com: The movie memoir of the year. SciFi Mafia: Vic talks to you like he's your cool uncle or the uncle you wished you had. Really down to earth, but at the same time, you can tell he's got a twinkle in his eye as he's talking. Geek Six: A hell of a read. Film School Rejects: The key to an entertaining autobiography is a combination of good stories to tell and a distinctive life. Armstrong has them both. Library Journal: Armstrong has done it all. Empire: A spills n thrills ride through a fast-forward life in pictures. The Times: Armstrong takes us on the spectacular journey of his life that left me wondering who would be brave enough to play him in a movie. What a legacy. What a life. What a book. Geeks of Doom: Think you don't know Vic Armstrong? Wrong. You've seen his work in countless films. He's been a stunt double for James Bond, Indiana Jones, and Superman, and he's directed action scenes for three Bond movies, Mission: Impossible 3, Thor, and the upcoming The Amazing Spider-Man, to name but a few. Counting: Harrison Ford, Steven Spielberg, and Arnold Schwarzenegger among his friends and officially credited in the Guinness Book of World Records as the World's Most Prolific Stuntman. Vic's got a lot of amazing stories to tell, and they're all here in this the movie memoir of the year.

Different Times David Stubbs, 2023-07-27 They don't make comedy like they used to. From the slapstick comedy of Charlie Chaplin and Stan Laurel, the surrealism of Spike Milligan and Monty Python, and the golden age of political incorrectness helmed by Benny Hill, to the alternative scene that burst forth following the punk movement, the hedonistic joy of Absolutely Fabulous, the lacerating scorn of Jimmy Carr, Ricky Gervais, and Jo Brand, and the meteoric rise of socially conscious stand-up, today's comedy can be many things, and it is a cultural phenomenon that has come to define Britain like few others. In *Different Times*, David Stubbs charts the superstars that were in on the gags, the unsung heroes hiding in the

wings and the people who ended up being the butt of the joke Comedians and their work speak to and of their time drawing upon and moulding Britons relationship with their national history reflecting us as a people and simply providing raucous laughs for millions of people around the world Different Times is a joyous witty and insightful paean to British comedy
