Gabrielle Starr,2023-06-06 Literature and neuroscience come together to illuminate the human experience of beauty which unfolds in time How does beauty exist in time This is Gabrielle Starr s central concern in *Just in Time* as she explores the experience of beauty not as an abstraction but as the result of psychological and neurological processes in which time is central Starr shows that aesthetic experience has temporal scale Starr a literary scholar and pioneer in the field and method of neuroaesthetics which seeks the neurological basis of aesthetic experience applies this methodology to the study of beauty in literature considering such authors as Rita Dove Gerard Manley Hopkins Henry James Toni Morrison and Wallace Stevens as well as the artists Dawoud Bey and Jasper Johns *Just in Time* is richly informed by the methods and findings of neuroscientists whose instruments let them investigate encounters with art down to the millisecond but Starr goes beyond the laboratory to explore engagements with art that unfold over durations experiments cannot accommodate In neuroaesthetics Starr shows us the techniques of the empirical sciences and humanistic interpretation support and complement one another To understand the temporal quality of aesthetic experience we need both cognitive and phenomenological approaches and this book moves boldly toward their synthesis Poetry and the Religious Imagination Francesca Bugliani Knox,David Lonsdale,2016-04-22 What is the role of spiritual experience in poetry What are the marks of a religious imagination How close can the secular and the religious be brought together How do poetic imagination and

religious beliefs interact Exploring such questions through the concept of the religious imagination this book integrates interdisciplinary research in the area of poetry on the one hand and theology philosophy and Christian spirituality on the other Established theologians philosophers literary critics and creative writers explain by way of contemporary and historical examples the primary role of the religious imagination in the writing as well as in the reading of poetry *The Peculiar Life of Sundays* Stephen Miller,2009-07-01 From Augustine to Caesarius through the Reformation and the Puritan flight from England down through the ages to contemporary debates about Sunday worship Miller explores the fascinating history of the Sabbath *Poetry and Poetics after Wallace Stevens* Bart Eeckhout,Lisa Goldfarb,2016-11-17 As the figure of Wallace Stevens 1879 1955 becomes so entrenched in the Modernist canon that he serves as a major reference point for poets and critics alike the time has come to investigate poetry and poetics after him The ambiguity of the preposition is intentional while after may refer neutrally to chronological sequence it also implies ways of aesthetically modeling poetry on a predecessor Likewise the general heading of poetry and poetics allows the sixteen contributors to this volume to range far and wide in terms of poetics from postwar formalists to poets associated with various strands of Postmodernism Language poetry even Confessional poetry ethnic identities with a diverse selection of poets of color nationalities including the Irish Nobel Laureate Seamus Heaney and several English poets or language sidestepping into French and Czech poetry Besides offering a rich harvest of concrete case studies Poetry and Poetics after Wallace Stevens also reconsiders possibilities for talking about poetic influence How can we define and refine the ways in which we establish links between earlier and later poems At what level of abstraction do such links exist What have we learned from debates about competing poetic eras and traditions How is our understanding of an older writer reshaped by engaging with later ones And what are we perhaps not paying attention to aesthetically but also politically historically thematically when we relate contemporary poetry to someone as idiosyncratic as Stevens *The Mystery of It All* Paul Mariani,2019-08-06 Paul Mariani has spent fifty years writing poetry that celebrates the vibrant sacramentality of life in the twilight of Modernity and writing the lives of some of our greatest modern poets This is a life spanning collection of his prose explorations of what it means to be a person of wonder and imagination *Love's Shadow* Paul A. Bové,2021-01-12 It is no wonder literary criticism is so sullen It is too philosophical too much indebted to the dour Walter Benjamin wedded to aestheticized helplessness Lit crit needs new inspirations the sober cheer of Wallace Stevens the loving eye of Rembrandt romance melodrama and wit Let there be more poetry Paul Bové says and less cynicism *Encyclopedia of Literary Modernism* Paul Poplawski,2003-12-30 Modernism is still widely acknowledged as perhaps the most important and influential artistic and cultural phenomenon of the 20th century Written by expert scholars from around the world and covering hundreds of different topics in a clear incisive and critical manner this reference maps the complex field of modernism in a fresh and original way The principal focus of the book is on English language literary modernism and the period 1890 1939 yet many entries extend beyond those parameters to include

important precursors and successors of the movement The book also covers the crucial European and interdisciplinary dimensions of modernism and provides complementary comparative perspectives from countries and regions not usually included in traditional accounts of the subject Entries cite works for further reading and the volume closes with a selected general bibliography
