Stevensons Attitude To Life:

Stevenson's Literary Method Eloise Kinzer Brainerd, 1916 *Stevenson's Attitude to Life* John Franklin Genung, 1901

The Philosophy of life and the Contemporary Relevance of R.L. Stevensons essays Poorva Bhonde, 2021-01-05 Robert Louis Stevenson 1850 1894 a Victorian essayist novelist and poet is an ardent advocate of courage and optimism His philosophy of life as reflected in his highly popular essays included in *Virginibus Puerisque* *Memories and Portraits* and *Familiar Studies of Men and Books* acts as a panacea for the evils of Modern Age characterized by materialism and overall pessimism The study of Victorian English Literature is incomplete without studying Stevensons s essays They are highly anthologized all over the world Hence the present book will be of immense help to the students academicians and the lovers of literature who wish to appreciate Stevenson s essays critically with the focus on his philosophy of life **Stevenson's Attitude to Life** John F. Genung, 2017-12-26 Excerpt from Stevenson s Attitude to Life With Readings From His Essays and Letters Stevenson s attitude TO life Stevenson s attitude to life this is what we now propose to consider a natural enough subject of inquiry it would seem and yet the very proposal as thus phrased is a departure from the Stevensonian idiom If he had the framing of an ideal for us his first counsel I imagine would be Do not assume an attitude toward life at all but just live do not be a spectator and critic of the business of living but throw yourself into the heart of it and be all there and say no more about it From this consideration radiates our whole subject In Stevenson s implicit philosophy a formulated attitude would be too much like attitudinizing too self conscious and put on too much sicklied over with the uneasy introspectiveness of the tired century Enough of posing and irresolution outside the arena of life such we may be sure was his thought as he listened to the utterances that came surging up to him from the inner heart of his time And so what he represents first and wholesomest of all what most gives him power on his age is the robust reaction against all this which breathes like an ozone through every page of his writings Not that this reaction is overt or that he takes it upon himself to set up a protest One great element of his power on the contrary is the entire absence of remonstrance or of anything merely negative or repressive He simply ignores that benumbing arrière-pensée which for full half a century has so beset the faith of the world and dares to take life at its positive intrinsic value without the disquiet of morbid analysis That is all his attitude is merely the free joyous erectness of the undismayed soul About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Stevenson's Attitude to Life* John F. Genung, 2015-06-25 Excerpt from Stevenson s Attitude to Life With Readings From His Essays and Letters The marks of oral

discourse which this book still bears from its original form as a lecture it has not been thought best to remove What was first read aloud by the author he now gives to those who care for the theme opportunity to read for themselves And if beyond the sound of his voice some fit audience may like to hear how the deep music of life reverberates from one of the sanest minds one of the bravest hearts of the century just past the purpose of this little volume will be fulfilled For the readings which have a very vital share in giving the volume whatever value it has thankful acknowledgment is hereby made to Messrs Charles Scribner s Sons who have kindly given permission to quote from works of which they hold the copyright The readings are taken from the Thistle Edition of Stevenson s works About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
