**Stewardship Talks and Resources** Leila Tremaine Ammerman, 1988-11      The Stewardship Companion: Lectionary Resources for Preaching William H. Willimon, David N. Mosser, 2007      Proven Resources for Stewardship Promotion, 2001

It is no secret that because stewardship is often viewed as little more than a euphemism for discussing money and budget matters it is an uncomfortable topic for many in the ministry. But Allan Weenink makes no apology for his zealous approach to stewardship; he believes that the spiritual dimension is just as important as the financial and that cultivating the grace of generosity is vital for Christian ministry. Drawn from countless workshops and seminars conducted during Weenink's years as a stewardship consultant, this book provides a wealth of proven hands-on material that will help you develop an effective stewardship model. It is a practical ministry resource that will yield bountiful dividends. As a pastor, consultant, and member of national church committees, Al Weenink has learned what the church needs to know about stewardship. From biblical understandings to practical suggestions, what Weenink shares is well worth reading. Enjoy the gift and the challenge from one who loves Jesus Christ and cares deeply about the future church.

David Wasserman, General Presbyter, Grace Presbytery, Presbyterian Church U.S.A. Proven Resources For Stewardship Promotion is a rich collection of information from Al Weenink's many years of experience in helping the Presbyterian Church U.S.A. remain fiscally faithful to its call for mission and ministry in a troubled world. Weenink challenges us to a holistic approach as we struggle to make every congregation a living model of sacrificial stewardship. His command of theological understanding, deep faith, and practical application is priceless. This volume belongs in every church in the hands and hearts of pastors, officers, and lay leaders who will use it as a precious guide.

Patricia F. Karns, Former Associate for Stewardship, Synod of the Covenant, Presbyterian Church U.S.A. Allan J. Weenink has had a long and distinguished career in the ministry, highlighted by 24 years as senior pastor of First Presbyterian Church in Battle Creek, Michigan, and 16 years as a consultant on stewardship and mission for the Presbytery of Lake Michigan. He has traveled extensively throughout the world, visiting and speaking at various mission projects, and served on five occasions as a Volunteer in Mission in the Philippines. His sermons and articles have appeared in such publications as *The Clergy Journal*, *Pulpit Digest*, and *The Minister's Manual*.

An Investigation Into Christian SME Owner-Managers' Conceptualisations of Practice Andrea Werner, 2008. This study investigates how Christianity impacts on the way owner managers of small to medium-sized enterprises (SMEs) conceptualise their worlds of business practice. The context for the research is the more general issue of how civil society and its institutions influence economic activity and how they might provide a counterbalance to the potentially negative impacts of unrestrained self-interested economic behaviour. The study is based on qualitative interviews with SME owner managers in Germany and the U.K. who regard themselves as practising Christians. Using a socio-psychological approach, the data analysis yielded a range of linguistic and conceptual resources that are peculiar to Christian discourse and that have the potential to influence business activity in rather distinctive ways. This

book outlines the effects that these Christian resources can have on these owner managers and how they may be linked to specific business practices Attention is drawn to the fact that Christian conceptual resources can be interpreted and exploited in different ways which leads to differences in how Christian owner managers apply their faith to their business Furthermore the study maps out the often interacting influence of other discursive contexts and resources The specific influence of the SME context will be discussed and some differences with regards to the two national contexts in which the research was conducted will be highlighted The book also addresses how the socio psychological approach that was chosen for this study may be used for investigations into the impact of other civil society contexts

Rendle,2001-12-01

Congregations need to learn new cultural languages and practices in order to speak to and be heard by new generations of people But how do congregations enter the wilderness of ministry with these new generations when many of those in the entourage do not appreciate the trip In contrast to many writers about church growth Rendle works with three important observations 1 Most congregations are not pure markets discrete groups with uniform values and behaviors that can be targeted to the exclusion of all other audiences 2 Some of the differences and discomforts experienced in the congregation are based on the members tenure or length of membership rather than their age and 3 Leadership in congregations is not a matter of marketplace savvy but of spiritual authenticity in which we continue to shape our faith tradition to be heard and understood by a changing culture Resources for Teaching Mindfulness Donald McCown,Diane Reibel,Marc S.
