its impact Herzberg's Jewish Family Papers picks up on some of the most central contemporary philosophical religious and social debates and discusses aspects such as emancipation antisemitism Jewishness and Judaism nationalism and the Christian religion and culture as well as gender roles So far however the novel has not received the scholarly attention it so assuredly deserves This bilingual volume is the first attempt to acknowledge how this outstanding source can contribute to our understanding of German Jewish literature and culture in the nineteenth century and beyond Through interdisciplinary readings it will discuss this forgotten bestseller embedding it within various contemporary discourses religion literature emancipation nationalism culture transnationalism gender theology and philosophy
