Stiffed Susan Faludi, 2000      **Stiffed** Susan Faludi, 1999-12      **Who's Afraid of Women's Studies?** Mary Frances Rogers, C. D. Garrett, 2002 In Who s Afraid of Women s Studies the authors ask why there persists a fear of feminism and women s studies in the academy Rogers and Garrett remind us that this field came into being as the result of women s practical efforts of advocacy and activism to represent marginalized excluded and silenced voices They explain the complex relationship between feminism women s studies and their deradicalized offspring gender studies Six broad topics that have dominated the field over the past twenty five years are examined in individual chapters girls and women s bodies anger and desires sexuality identity politics insider backlash and feminist methods The authors challenge women and men alike to reevaluate the concepts and analytical tools available in women s studies that are so uniquely oriented to understanding women s everyday lived experiences They demonstrate how its rich historical and social analyses are the basis for a passionate scholarship one that builds bridges between theory and practice to transform communities women s organizations and social movements This new book will be a stimulating overview of women s studies gender studies and feminist theory as well as a concise introduction to supplement standard texts or anthologies

**The Caveman Mystique** Martha McCaughey, 2008 Has evolution made men promiscuous skirt chasers Pop Darwinian claims about men s irrepressible heterosexuality have become increasingly common and increasingly common excuses for men s sexual aggression The Caveman Mystique traces such claims about the hairier sex through evolutionary science and popular culture After outlining the social and historical context of the rise of pop Darwinism s assertions about male sexuality and their appeal to many men Martha McCaughey shows how evolutionary discourse can get lived out as the biological truth of male sexuality Although evolutionary scientists want to use their theories to solve social problems evolutionary narratives get invoked by men looking for a Darwinian defense of bad boy behaviors McCaughey argues that evolution has nearly replaced religion as a moral guide for understanding who we are and what we must overcome to be good people Bringing together insights from the fields of

science studies body studies feminist theory and queer theory The Caveman Mystique offers a fresh understanding of science science popularization and the impact of science on men s identities making a convincing case for deconstructing rather than defending the caveman

**The Return of Resentment** Robert A. Schneider,2023-01-17 Charts the long history of resentment from its emergence to its establishment as the word of the moment The term resentment often casually paired with words like hatred rage and fear has dominated US news analysis since November 2016 Despite its increased use this word seems to defy easy categorization Does resentment describe many interlocking sentiments or is it just another way of saying anger Does it suggest an irrational grievance as opposed to a legitimate callout of injustice Does it imply political leanings or is it nonpartisan by nature In The Return of Resentment Robert A Schneider explores these questions and more moving from eighteenth century Britain to the aftermath of the French Revolution to social movements throughout the twentieth century Drawing on a wide range of writers thinkers and historical experiences Schneider illustrates how resentment has morphed across time coming to express a collective sentiment felt by people and movements across the political spectrum In this history we discover resentment s modernity and its ambiguity how it can be used to dismiss legitimate critique and explain away violence but also convey a moral stance that demands recognition Schneider anatomizes the many ways resentment has been used to label present day movements from followers of Trump and supporters of Brexit to radical Islamicists and proponents of identity politics Addressing our contemporary political situation in a novel way The Return of Resentment challenges us to think critically about the roles different emotions play in politics

the best ways for men and their families to work through it Reprint *Gender Hate Online* Debbie Ging,Eugenia Siapera,2019-07-12 *Gender Hate Online* addresses the dynamic nature of misogyny how it travels what technological and cultural affordances support or obstruct this and what impact reappropriated expressions of misogyny have in other cultures It adds significantly to an emergent body of scholarship on this topic by bringing together a variety of theoretical approaches while also including reflections on the past present and future of feminism and its interconnections with technologies and media It also addresses the fact that most work on this area has been focused on the Global North by including perspectives from Pakistan India and Russia as well as intersectional and transcultural analyses Finally it addresses ways in which women fight back and reclaim online spaces offering practical applications as well as critical analyses This edited collection therefore addresses a substantial gap in scholarship by bringing together a body of work exclusively devoted to this topic With perspectives from a variety of disciplines and geographic bases the volume will be of major interest to scholars and students in the fields of gender new media and hate speech

**Home Front Heroes** Elizabeth Abele,2013-12-04 This book traces the effects of the feminist and civil rights movements in the construction of Hollywood action heroes Starting in the late 1980s action blockbusters regularly have featured masculine figures who choose love and community over the path of the stoic loner committed solely to duty The American heroic quest of the past 25 years increasingly has involved a reclamation of home creating a place for the Hero at the hearth part of a more intimate community with less restrictive gender and racial boundaries The author presents pieces of contemporary popular culture that create the complex mosaic of the present day American heroic ideal Hollywood popular films are examined that best represent the often painful shift from traditional heroic masculinity to a masculinity that is less exceptional and more vulnerable There are also chapters on how issues of race and gender intersect with the new masculinity and on subgenres of 1990s films that also developed this postfeminist masculinity

[Abstinence Cinema](#) Casey Ryan Kelly,2016-03-08 From the perspective of cultural conservatives Hollywood movies are cesspools of vice exposing impressionable viewers to pernicious sexually permissive messages Offering a groundbreaking study of Hollywood films produced since 2000 *Abstinence Cinema* comes to a very different conclusion finding echoes of the evangelical movement s abstinence only rhetoric in everything from *Easy A* to *Taken* Casey Ryan Kelly tracks the surprising sex negative turn that Hollywood films have taken associating premarital sex with shame and degradation while romanticizing traditional nuclear families courtship rituals and gender roles As he demonstrates these movies are particularly disempowering for young women concocting plots in which the decision to refrain from sex until marriage is the young woman s primary source of agency and arbiter of moral worth Locating these regressive sexual politics not only in expected sites like the *Twilight* films but surprising ones like the raunchy comedies of Judd Apatow Kelly makes a compelling case that Hollywood films have taken a significant step backward in recent years *Abstinence Cinema* offers close readings of movies from a wide spectrum of genres and it puts these films into conversation with rhetoric that has emerged

in other arenas of American culture Challenging assumptions that we are living in a more liberated era the book sounds a warning bell about the powerful cultural forces that seek to demonize sexuality and curtail female sexual agency Pimps, Wimps, Studs, Thugs and Gentlemen Elwood Watson, 2010-03-22 With essays ranging in topic from the films of Neil LaBute to the sexual politics of Major League Baseball this diverse collection of essays examines the multi faceted media images of contemporary masculinity from a variety of perspectives and academic disciplines The book s first half focuses on the issue of racialized masculinity and its various manifestations with essays covering among other topics the re imagining of Asian American masculinity in Justin Lin s *Better Luck Tomorrow* and the ever present image of black male buffoonery in the neo minstrel performances of VH1 s *Flavor of Love* The book s second half explores the issue of contemporary mediated performance and the cultural politics of masculinity with essays focusing on popular media representations of men in a variety of gendered roles from homemakers and househusbands to valorous war heroes and athletic demigods

**Hollywood and the End of the Cold War** Bryn Upton, 2014-08-26 From the late 1940s until the early 1990s the Cold War was perhaps the most critical and defining aspect of American culture influencing television music and movies among other forms of popular entertainment Films in particular were at the center of the battle for the hearts and minds of the American public Throughout this period the Cold War influenced what movies got produced how such movies were made and how audiences understood the films they watched In the post Cold War era some genres of film suffered from the shift in our national narratives while others were quickly reimagined for an audience with different political and social fears In *Hollywood and the End of the Cold War Signs of Cinematic Change* Bryn Upton compares films from the late Cold War era with movies of similar themes from the post Cold War era In this volume Upton pays particular

attention to shifts in narrative that reflect changes in American culture attitudes and ideas In exploring how the absence of the Cold War has changed the way we understand and interpret film this volume seeks to answer several key questions such as Has the end of the Cold War altered how we tell our stories Has it changed how we perceive ourselves In what ways has our popular culture been affected by the absence of this once dominant presence With its focus on themes that are central to the concerns of many historians including civil religion social fracture and the culture wars Hollywood and the End of the Cold War will serve as a useful tool for those seeking to integrate film into the classroom as well as for film scholars exploring representations of sociopolitical change on screen

**Philosophy and Psychoanalytic Theory** Bert Olivier,2009 The essays brought together in this volume are written from the dual perspectives of philosophy and psychoanalytic theory Sometimes more weight is given to the one perspective than to the other and vice versa but always with the conviction that the rational argumentative and hermeneutic interpretive approach of philosophy requires the sobering influence of psychoanalytic theory s conception of the human being as a split subject prone to the laws of the unconscious no less than to those of reason Topics range from the question concerning the relation between discourse evil and the agency of the subject to that of the non relativistic ethical positioning of the psychotherapist from the problem of overcoming relativism by way of a poststructuralist understanding of language to that of a cogent Derridean philosophical response to global terrorism and from a Lacanian understanding of narrative identity of human knowledge as paranoiac and of trauma literature to a Kristevan perspective on nature as abject in the light of the degradation of ecosystems globally

*Questionable Charity* William M. Morgan,2004 A fascinating reevaluation of U S literary realism during the Gilded Age

*The Culture and Politics of Contemporary Street Gang Memoirs* Josephine Metcalf,2012-06-22 The publication of Sanyika Shakur s *Monster The Autobiography of an L A Gang Member* in 1993 generated a huge amount of excitement in literary circles New York Times book critic Michiko Kakutani deemed it a shocking and galvanic book and set off a new publishing trend of gang memoirs in the 1990s The memoirs showcased tales of violent confrontation and territorial belonging but also offered many of the first journalistic and autobiographical accounts of the much mythologized gang subculture In *The Culture and Politics of Contemporary Street Gang Memoirs* Josephine Metcalf focuses on three of these memoirs Shakur s *Monster* Luis J Rodriguez s *Always Running La Vida Loca Gang Days in L A* and Stanley Tookie Williams s *Blue Rage Black Redemption* as key representatives of the gang autobiography Metcalf examines the conflict among violence thrilling sensationalism and the authorial desire to instruct and warn competing within these works The narrative arcs of the memoirs themselves rest on the process of conversion from

brutal young gang bangers to nonviolent enlightened citizens Metcalf analyzes the emergence production marketing and reception of gang memoirs Through interviews with Rodriguez Shakur and Barbara Cottman Becnel Williams s editor Metcalf reveals both the writing and publishing processes This book analyzes key narrative conventions specifically how diction dialogue and narrative arcs shape the works The book also explores how the memoirs are consumed This interdisciplinary study fusing literary criticism sociology ethnography reader response study and editorial theory brings scholarly attention to a popular much discussed but understudied modern expression
