The Red Years of Cahiers du cinéma (1968-1973) Daniel Fairfax, 2025-10-01 The uprising which shook France in May 1968 also had a revolutionary effect on the country's most prominent film journal Under editors Jean Louis Comolli and Jean Narboni Cahiers du cinéma embarked on a militant turn that would govern the journal's work over the next five years Inspired by Marxist and psychoanalytic theory the red years of Cahiers du cinéma produced a theoretical outpouring that was seminal for the formation of film studies and is still of vital relevance for the contemporary audiovisual landscape The Red Years of Cahiers du Cinéma 1968-1973 gives an overview of this period in the journal's history and its aftermath combining biographical accounts of the critics who wrote for Cahiers in the post 1968 period with theoretical explorations of their key texts

Southern Culture John J. Beck, Aaron J. Randall, Wendy Jean Frandsen, 2007 From the very beginning the South was different The source and significance of this difference has been debated and discussed for over 200 years In recent decades the demise of the South as a regional culture has frequently been predicted although now some scholars and journalists are maintaining that it is proving to be remarkably resilient and is actually having an ever greater influence on the broader American culture Southern Culture examines the origins and evolution of the region's culture and focuses on six key patterns that have defined it agrarianism class relations race relations gender and family traditions evangelical Christianity and political traditions Southern Culture also explores the products of the culture with major sections on dialect painting architecture pottery music literature and icons and myths It concludes with essays by each of the authors in which they reflect on where Southern culture is headed Professors to see an annotated list of helpful links to accompany Southern Culture click here Three community college instructors combine their long experience in teaching English history and sociology in North Carolina Vance Granville Community College to provide an interdisciplinary introductory text well worth adoption Beck Frandsen and Randall meet well the challenge of merging humanities and social science approaches to regional studies by examining six focal areas race class politics family religion and agrarianism Highly recommended Choice Magazine a scholarly resource that also is fun to read Durham Herald Sun
