

A watercolor illustration of a landscape. In the foreground, there's a grassy field. In the middle ground, a church with a steeple is visible on the left, and a castle or large stone building is on the right. The background shows more trees and a hazy sky. The entire scene is rendered in a soft, painterly style.

**Cosmopolitan Islanders** Richard J. Evans, 2009-05-14 In *Cosmopolitan Islanders* one of

the world's leading historians asks why it is that so many prominent and influential British historians have devoted themselves to the study of the European continent. Books on the history of France, Germany, Italy, Russia, and many other European countries, and of Europe more generally, have frequently reached the best seller lists both in Britain and in translation in those European countries themselves. Yet the same is emphatically not true in reverse. Richard J. Evans traces the evolution of British interest in the history of Continental Europe from the Enlightenment to the twentieth century. He goes on to discuss why British historians who work on aspects of European history in the present day have chosen to do so, and why this distinguished tradition is now under threat. *Cosmopolitan Islanders* ends with some reflections on what needs to be done to ensure its continuation in the future. Explaining Auschwitz and Hiroshima Richard J. B. Bosworth, 2002-01-31. First published in 1993. Routledge is an imprint of Taylor & Francis, an informal company. *Identity of England* Robert Colls, 2002. In this text Robert Colls traces the constitutional, legal, racial, cultural, and geographical dimensions of Englishness from medieval times to the present day, with a particular emphasis on the last 100 years. **E. M. Forster** Mary Lago, 1995-02-12. Forster's literary career is assessed in relation to works that mark its phases: his suburban novels, the Indian novel, the BBC talks, and first and last his short fiction. This study traces evidence of his keen awareness of political and social undercurrents as discovered in the works, the importance of personal relations, culture as a precious heritage, and the creative artist as definer of cultural values and encourager of those who should preserve them. *Encyclopedia of Historians and Historical Writing* Kelly Boyd, 2019-10-09. The *Encyclopedia of Historians and Historical Writing* contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn, and from Herodotus to Simon Schama. Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day, including individuals from related disciplines like Jürgen Habermas and Clifford Geertz, whose theoretical contributions have informed historical debate. Additionally, the *Encyclopedia* includes some 200 essays treating the development of national, regional, and topical historiographies from the Ancient Near East to the history of sexuality. In addition to the Western tradition, it includes substantial assessments of African, Asian, and Latin American historians and debates on gender and subaltern studies. **Childhood** Penelope Hughes-Hallett, 1988. Labour's First Century Duncan Tanner, Pat Thane, Nick Tiratsoo, 2000-09-11. The Labour Party's centenary is an appropriate moment to evaluate its performance across the twentieth century and to reflect on why a party which has so many achievements to its credit nonetheless spent so much of the period in opposition. Duncan Tanner, Pat Thane, and Nick Tiratsoo have assembled a team of acknowledged experts who cover a wide range of key issues from economic policy to gender. The editors also provide a lucid, accessible introduction. *Labour's First Century* covers the most important areas of party policy and practice, always placing these in a broader context. Taken together, these essays challenge those who minimize the party's contribution whilst they also explain why mistakes and weaknesses have occurred. Everyone interested in British political history, whether supporters

or opponents of the Labour Party will need to read Labour's First Century

Though history and autobiography both claim to tell true stories about the past historians have traditionally rejected first person accounts as subjective and therefore unreliable What then asks Jeremy D Popkin in History Historians and Autobiography are we to make of the ever increasing number of professional historians who are publishing stories of their own lives And how is this recent development changing the nature of history writing the historical profession and the genre of autobiography Drawing on the theoretical work of contemporary critics of autobiography and the philosophy of Paul Ricoeur Popkin reads the autobiographical classics of Edward Gibbon and Henry Adams and the memoirs of contemporary historians such as Emmanuel Le Roy Ladurie Peter Gay Jill Ker Conway and many others he reveals the contributions historians life stories make to our understanding of the human experience Historians autobiographies he shows reveal how scholars arrive at their vocations the difficulties of writing about modern professional life and the ways in which personal stories can add to our understanding of historical events such as war political movements and the traumas of the Holocaust An engrossing overview of the way historians view themselves and their profession this work will be of interest to readers concerned with the ways in which we understand the past as well as anyone interested in the art of life writing

**Sport and the British** Richard Holt, 1990 This is a lively and deeply researched history of British sport since 1800 the first of its kind It goes beyond a few great names and moments to explain how sport has changed and what it has meant to ordinary people Sport and the British shows how the way we play reflects not only our lives as citizens of a predominantly urban and industrialised world but what is especially distinctive about British sport Modern media coverage of sport gambling violence and attitudes towards it nationalism and the role of sport in sustaining male identity are all examined in this account which combines entertaining anecdote with more serious historical understanding
