There Now Eamon Grennan, 2016-10-04 Few poets are as generous as Eamon Grennan in the sheer volume of delight his poems convey Billy Collins there goes the sudden shriek of the blackbird all alive inside the inhuman breath pattern of the wind trawling every last leaf and blade of grass and flinging rain like velvet pebbles onto the skylight nothing but parables in every bristling inch of the out of sight unspoken never to be known pure sense startling untranslatable there of the world as we find it from World Word In these short poems full of patient listening looking and responding Eamon Grennan presents a world of brilliantly excavated moments watching a flight of oystercatchers off a Connemara strand or the laden stall of a fish market in Manhattan listening to the silence in an empty room or the beat of his partner's heart pondering violence in the Middle East or the tenuous endangered nature of even the fairest order in the world Grennan's philosophic gaze manages to allow the ordinary facts of life to take on their own luminous glow It is the sort of light he finds in some of his favorite painters C zanne Bonnard Renoir the Dutch masters light that is inside things and drawn out to our attention There Now is a celebration of the momentary recognition of transcendence all the more precious for being momentary

Kitchen,2016 What Persists contains eighteen of the nearly fifty essays on poetry that Judith Kitchen published in The Georgia Review over a twenty five year span Coming at the genre from every possible angle this celebrated critic discusses work by older and younger poets most American but some foreign and many of whom were not yet part of the contemporary canon Her essays reveal a cultural history from the dismantling of the Berlin Wall through 9 11 and the Iraq War and move into today s political climate They chronicle personal interests while they also make note of what was happening in contemporary poetry by revealing overall changes of taste both in content and in the use of craft Over time they fashion a comprehensive overview of the contemporary literary scene At its best What Persists shows what a wide range of poetry is

being written by women men poets who celebrate their ethnicity poets who show a fierce individualism poets whose careers have soared promising poets whose work has all but disappeared **Poetry by Women in Ireland** Lucy Collins,2012-01-01 Uncovering the hidden history of poetry written by women in Ireland from 1870 to 1970 this anthology includes more than 180 poems by fifteen women with diverse backgrounds experiences and creative aims Challenging the assumption that women wrote little poetry of note during this period this rich and original collection reveals the range of their achievement and the lasting value of their work Presented alongside biographical sketches of their authors the poems span the political and the personal From nationalist ballads to modernist lyrics this book is an essential resource for students and scholars of Irish literature *The End of Big* Nicco Mele,2013-04-23 How seemingly innocuous technologies are unsettling the balance of power by putting it in the hands of the masses and what a world without big will mean for all of us In *The End of Big* social media pioneer political and business strategist and Harvard Kennedy School faculty member Nicco Mele offers a fascinating sometimes frightening look at how our ability to stay connected constantly instantly and globally is dramatically changing our world Governments are being upended by individuals relying only on social media Major political parties are seeing their power eroded by grassroots forces through online fund raising Universities are scrambling to preserve their student populations in the face of less expensive more accessible online courses Print and broadcast news outlets are struggling to compete with citizen journalists and bloggers Our traditional institutions are being disrupted in revolutionary ways some for the better But as Nicco Mele argues the benefits of new technology come with unintended consequences In *The End of Big* Mele examines How fringe political forces enter the mainstream and gain traction using everyday technology with the enormous potential to undermine central power What happens when investigative journalism is replaced by ad hoc bloggers mobile video and instantaneous tweets and whether they challenge or simply enable power Why Web based micro businesses are outcompeting major corporations and what innovations will alter the way we work own things and pay for goods and services The collapse of traditional party politics and the rise of a new kind of democracy one which could produce dynamic and effective leaders or demagogues How citizen initiatives can replace local and state government functions such as safety regulations tax collection and garbage pickup and do so cheaper faster and better Mele argues that unless we exercise caution in our use of these new technologies we risk a dark and wildly unstable future one in which our freedoms and basic human values could be destroyed rather than enhanced Both hopeful and alarming *The End of Big* is a thought provoking passionately argued book that offers genuine insight into the ways we are using technology and how it is radically changing our world in ways we are only now beginning to understand **A Directory of American Poets and Fiction Writers** Poets and Writers, Inc. Staff,2003 Resource THE DIRECTORY OF AMERICAN POETS FICTION WRITERS is a required resource for any arts or presenting organization looking for literary readers as well as for all publishers seeking to solicit work from the best American writers In addition writers can use the book to find the right writing mentor and connect with

other writers When I directed my first arts program the Directory delivered the addresses and phone numbers of writers I loved but couldn't find How many writers and audiences are robbed without the information between these covers Cornelius Eady co founder and co director Cave Canem and author of Brutal Imagination Passage to the Center Daniel Tobin, 2021-10-21 Nobel Laureate Seamus Heaney author of nine collections of poetry and three volumes of influential essays is regarded by many as the greatest Irish poet since Yeats Passage to the Center is the most comprehensive critical treatment to date on Heaney's poetry and the first to study Heaney's body of work up to Seeing Things and The Spirit Level It is also the first to examine the poems from the perspective of religion one of Heaney's guiding preoccupations According to Tobin the growth of Heaney's poetry may be charted through the recurrent figure of the center a key image in the relationship that evolved over time between the poet and his inherited place an evolution that involved the continual re evaluation and re vision of imaginative boundaries In a way that previous studies have not Tobin's work examines Heaney's poetry in the context of modernist and postmodernist concerns about the desacralizing of civilization and provides a challenging engagement with the work of a living master
