Phillips,2012-02-01 This is a book about life modeling Unlike the painter whose name appears beside his finished portrait the life model posing nude perhaps for months goes unacknowledged Standing at a unique juncture between nude and naked between high and low culture between art and pornography the life model is admired in a finished sculpture but scorned for her or his posing Making use of extensive interviews with both male and female models and quoting them frequently Sarah R Phillips gives a voice to life models She explores the meaning that life models give to themselves and to their work and seeks to understand the lived experience of life models as they practice their profession Throughout history people have romanticized life models in an aura of bohemian eroticism or condemned them as strippers or sex workers Modeling Life reveals how life models get into the business managing sexuality in the studio what it means to be a muse and why their work is important     *Transmission* Peter d'Agostino,David Tafler,1994-09-01 The essays in this volume investigate the impact of all media including the emerging technologies on the social cultural economic and political climate in the context of aesthetic values and issues of gender race and class Transmission examines the array of forces moving the contemporary video landscape forward comparing the past with the present as well as the future as it looks at the impact of video on commercial television the relationship of media to the social causes it mis represents and the effects of new communication tools on participating constituents     Popular Photography - ND ,1946-07     **Instructional Design** Patricia L.
