Telling Travels:

Travelling Heroes Robin Lane Fox, 2008-09-04 This remarkable and daringly original book proposes a new way of thinking about the Greeks and their myths in the age of the great Homeric hymns It combines a lifetime's familiarity with Greek literature and history with the latest archeological discoveries and the author's own journeys to the main sites in the story to describe how particular Greeks of the eighth century BC travelled east and west around the Mediterranean and how their extraordinary journeys shaped their ideas of their gods and heroes It gathers together stories and echoes from many different ancient cultures not just the Greek Assyria Egypt the Phoenician traders and ranges from Mesopotamia to the Rio Tinto at Huelva in modern Portugal Its central point is the Jebel Aqra the great mountain on the north Syrian coast which Robin Lane Fox dubs the southern Olympus and around which much of the action of the book turns Robin Lane Fox rejects the fashionable view of Homer and his near contemporary Hesiod as poets who owed a direct debt to texts and poems from the near East and by following the trail of the Greek travellers shows that they were rather in debt to their own countrymen With characteristic flair he reveals how these travellers progenitors of tales which have inspired writers and historians for thousands of years understood the world before the beginnings of philosophy and western thought **Story/telling**

Bronwen Ann Levy, Ffion Murphy, 2001 Story telling is an eclectic and fascinating collection of stories and stories about stories With passion and verve some of Australia's finest writers range through vast territory exploring new directions in film and media enigmas and creativity histories of mothering narratives of indigenous and migrant experience folk country and multicultural music traditions and dilemmas of interpretation These writers appreciate the power of stories for good and ill They interrogate narratives of Australia's past and present and call for new stories for changing times We hear voices raised one moment subdued the next as if we were sitting in the Forum tent at the Woodford Festival knowing that here and just beyond in paint dance music and words stories are happening in delicious abundance *Women and the Travel Guidebook,*

1870-c.1910 Jasmine Proteau, 2025-01-31 Although the printing giants of John Murray and Karl Baedeker dominated the nineteenth century travel guidebook market women were important producers and consumers of guides This book argues that in the late nineteenth century women were key cultural producers of travel guidebooks an important form of non fiction mass media during an upsurge and shift in European travel and tourism While a limited number of studies have identified a small number of female authored guidebooks this is the first to take a broad view of women's place within the guidebook market situating female authored texts within a large and competitive book market to understand the role of gender in guidebook publication Given Italy's historic religious cultural and artistic significance to the Anglophone world guides to Italy were perhaps the most numerous among all the guidebooks targeted at travellers from the United Kingdom and North America in the nineteenth century and therefore form a key focus of this study Telling True Tales of Islamic Lands Julia

Travels in Alaska John Muir, 1915 In the late 1800s John Muir made several trips to the pristine relatively unexplored territory of Alaska irresistibly drawn to its awe inspiring glaciers and its wild menagerie of bears bald eagles wolves and whales Half poet and half geologist he recorded his experiences and reflections in *Travels in Alaska* a work he was in the process of completing at the time of his death in 1914 As Edward Hoagland writes in his Introduction A century and a quarter later we are reading Muir s account because there in the glorious fiords he is at our elbow nudging us along prompting us to understand that heaven is on earth is the Earth and rapture is the sensible response wherever a clear line of sight remains This Modern Library Paperback Classic includes photographs from the original 1915 edition

Traveling Beyond Her Sphere Bess Beatty, 2016-09-08 A history of American women challenging domesticity by touring Europe in the 19th and early 20th centuries The nineteenth century ideal of domesticity identified home as women's proper sphere but the ideal was frequently challenged profoundly so when women left home and country to travel in foreign lands This book explores the reasons for and ramifications of women making a Grand Tour a trip to Europe between 1814 and 1914 this century between major European wars witnessed the golden age of American Grand Tours Men and women alike were inspired by a Eurocentric education that valued the Old World as the fountainhead of their civilization Reaching Europe necessitated an Ocean crossing a disorienting time taking women far from domestic comfort Once abroad American women had to juggle accustomed norms of behavior with the demands of travel and customs of foreign lands Wearing proper attire even when hiking in the Alps coping with unfamiliar languages grappling with ever changing rules about customs and passports traveling alone these were just some of the challenges women faced when traveling Some traveled with their husband others with female relatives and friends and a few entirely alone Traveling companions had to agree on where to stay when and where to dine how to travel and where to go The sinking of the Titanic in 1912 made clear that even in the twentieth century a Grand Tour involved risk Because more women survived than men some insisted that the Titanic's example should curb female independence However a growing number of women continued making a Grand Tour for the next two years It was the outbreak of war in Europe in 1914 that temporarily brought an end to a century of female Grand Tours Beatty's ability to weave the experiences of hundreds of American women on the Grand Tour in Europe into a consistent narrative is per se a remarkable feat But the author does much more than that She uses the journey as trope to represent the long and difficult process of women's emancipation in its several cultural psychological social and political dimensions Susanna Delfino Professor of American History retired University of Genoa Italy

Mary Lincoln Stacy Pratt McDermott, 2015-01-09 One of America's most compelling First Ladies Mary Lincoln possessed a unique vantage point on the events of her time even as her experiences of the constraints of gender roles and the upheaval of the Civil War reflected those of many other women The story of her life presents a microcosm through which we can understand the complex and dramatic events of the nineteenth century in the United States including vital issues of gender war and the divisions between North and South The daughter of a southern slave holding family Mary Lincoln had close ties to people on

both sides of the war Her life shows how the North and South were interconnected even as the country was riven by sectional strife In this concise narrative Stacy Pratt McDermott presents an evenhanded account of this complex intelligent woman and her times Supported by primary documents and a robust companion website this biography introduces students to the world of nineteenth century America and the firsthand experiences of Americans during the Civil War Radicals on the Road Bernard Schweizer,2001 Schweizer an independent scholar explores the travel writing of George Orwell Evelyn Waugh Graham Greene and Rebecca West The observations made by these westerners of the lands they visited Catalonia Africa Mexico and Yugoslavia provide a range of views perhaps typical for the period Schweizer s reading concentrates on each authors politics and their psychological apprehension of the world around them The psychological theme is explored in the book s second half where Schweizer notes the inherently dualistic construction of national and international politics to be found in the writings as well as the authors anxiety of foreign places and their sense of the uncanny c Book News Inc

Spirit Deep Tisha M. Brooks,2023-03-24 What would it mean for American and African American literary studies if readers took the spirituality and travel of Black women seriously With Spirit Deep Recovering the Sacred in Black Women s Travel Tisha Brooks addresses this question by focusing on three nineteenth century Black women writers who merged the spiritual and travel narrative genres Zilpha Elaw Amanda Smith and Nancy Prince Brooks hereby challenges the divides between religious and literary studies and between coerced and free passages within travel writing studies to reveal meaningful new connections in Black women s writings Bringing together both sacred and secular texts Spirit Deep uncovers an enduring spiritual legacy of movement and power that Black women have claimed for themselves in opposition to the single story of the Black female body as captive monstrous and strange Spirit Deep thus addresses the marginalization of Black women from larger conversations about travel writing demonstrating the continuing impact of their spirituality and movements in our present world **Extra- and Non-Documentary Writing in the Canon of Formative Judaism, Vol. 3**

Jacob Neusner,2001 Rabbinic literature in its formative age from the Mishnah through the Bavli ca 100 600 c e is comprised by documents that relate to one another in three ways First they are autonomous and self contained second they are connected with one another and third they are continuous with one another Some point to the connections in the form of parallel versions of sayings or stories as evidence against the theory that the documents possess integrity Volume Three reprises Neusner s The Peripatetic Saying The Problem of the Thrice Told Tale in Talmudic Literature Chico 1985 Scholars Press for Brown Judaic Studies It responds to critics of the documentary reading of the canonical documents of Rabbinic Judaism in the formative age who make much of the variations in manuscript readings of sayings and stories These variations are so different from one another that so the critics maintain they call into question the very conception of a document Each manuscript let alone each compilation has its own representation of a given compilation there are no determinate documents That is because the documentary program of rhetoric topic and logic of coherent discourse makes no impact on sayings or

stories that circulate beyond the limits of any one document All we have are diverse versions of we know not what For the sample covered in these pages claims that parallels move from document to document vastly exaggerate the range of variation The variant readings are paltry and pointless just like the parallels to which Volumes One and Two are devoted

The Selected Papers of Jane Addams: Vol. 2 Jane Addams, 2010-10-01 Venturing into Usefulness the second volume of The Selected Papers of Jane Addams documents the experience of this major American historical figure intellectual social activist and author between June 1881 when at twenty one she had just graduated from Rockford Female Seminary and early 1889 when she was on the verge of founding the Hull House settlement with Ellen Gates Starr During these years she was developing into the social reformer and advocate of women s rights socioeconomic justice and world peace she would eventually become She evolved from a high minded but inexperienced graduate of a women s seminary into an educated woman and seasoned traveler well exposed to elite culture and circles of philanthropy Artfully annotated The Selected Papers of Jane Addams offers an evocative choice of correspondence photographs and other primary documents presenting a multi layered narrative of Addams s personal and emerging professional life Themes inaugurated in the previous volume are expanded here including dilemmas of family relations and gender roles the history of education the dynamics of female friendship religious belief and ethical development changes in opportunities for women and the evolution of philanthropy social welfare and reform ideas

Vistas de España Mary Elizabeth Boone, 2007-01-01 In the decades following the American Civil War and leading up to the First World War a definitive shift in power took place between Spain and the United States This original book explores American artists perceptions of Spain during this period of turmoil and demonstrates how their responses to Spanish art helped to answer emerging complex questions about American national identity M Elizabeth Boone focuses on works by Thomas Eakins Mary Cassatt William Merritt Chase John Singer Sargent Robert Henri and other American artists who traveled to Spain to study the achievements of such great masters as Murillo Vel zquez and Goya The resulting American paintings some well known and others now largely forgotten provide intriguing insights not only into the 19th century American struggle to define itself as an imperial power but also into the relations between the United States and the Spanish speaking world today
