McNeil,2023-04-04 Today s multi modal participatory exhibitions and attractions are bound by a desire to convey information excite the viewer and create social and narrative experiences Without design at the helm and employed effectively these experiential moments would not become lasting memories that inform and inspire an increasingly sophisticated audience This full color illustrated handbook based on the author s research and expertise as an exhibition designer educator and critic is the first title to simultaneously explain how to design exhibitions and attractions successfully contextualize contemporary exhibition design practice through its historical and theoretical underpinnings elevate understanding of one of the most rapidly evolving and trans disciplinary creative disciplines illuminate exhibition design s contributions to the expanding global market for civic cultural commercial and entertainment experiences andreframe the exhibition design

process using a set of recurring tropes and the methods they employ making this book distinct from other practice based museological or commercially driven titles This full color book with over 250 photographs and drawings uses real world examples museum and exhibition design studio profiles historical and contemporary voices and draw on the author s own creative practice and exhibition making experience as well as contributions from his extensive network of international museum attraction and design professionals The author introduces a new methodology for understanding exhibition and experience design One that elevates understanding of one of the most rapidly evolving and trans disciplinary creative disciplines Twelve easy to follow illustrated chapters introduce a set of reoccurring exhibition design conventions or tropes that are omnipresent in exhibition making and can be used to chart a new methodology for understanding exhibition design and its process

Grand Stand 6 Ana Martins,2017-12-01 The sixth title in the Grand Stand series presents new trends in the ever changing world of stand design The scenographic design of space and the creation of a stimulating atmosphere are crucial in shaping human experience The design of trade fair stands has become increasingly important to exhibiting organizations and today s designers are playing an essential role in integrating brand identity into fascinating corporate presentations This inspiring volume covers the creative processes behind 120 temporary spaces including how to deal with challenges such as restrictions of space and limitations of lighting The outcome is the realization of transient yet thrilling settings Divided into nine chapters including mobility apparel and architectural products many projects are illustrated with sketches and floor plans alongside stunning photography Each stand is presented on two to four pages with an explanatory text about the design and technical information provided to help further explain the design process from concept to execution This title is filled with contemporary stand designs that will inspire architects designers brand managers and any individuals interested in the building of ephemeral environments that leave an indelible impression

HOLODECK architects works Marlies Breuss,Michael Ogertschnig,2023-04-03 Analytical thinking and holistic concepts Low tech buildings with strong architectural identities Selected works from 25 years of international architectural practice HOLODECK architects work on a wide variety of projects from urban development to exhibitions Their impressive body of work is proof that sophisticated architecture need not ignore ecological and social issues The latter are consciously reflected from concept to realization For example HOLODECK have developed strategic solutions as alternatives to single family homes apply a sensitive approach to existing structures and design buildings that make consistent use of natural conditions such as passive solar energy airflow cross ventilation and natural lighting This volume also reinterprets the typical architecture book It consists of two separate yet connected parts the first presents sketches plans studies and models while the second features texts and lavish photo series

Exhibition as Interior, Interior as Exhibition Penny Sparke,Jana Scholze,Pat Kirkham,Ersi Ioannidou,Fiona Fisher,Patricia Lara-Betancourt,2025-09-04 Exhibition design has long been studied in the fields of art design and architecture but the focus has been on the design of the exhibition narrative rather

than the design as interior space This book breaks new ground exploring the complex relationships which exist between exhibitions museums and galleries and interior design Taking a case study driven approach chapters explore a wealth of spaces looking at contemporary art galleries and globally renowned museums and also subverted spaces like squatted homes high rises distilleries and laboratories Their geographic coverage ranges from socialist Eastern Europe to the US stopping via many other countries such as Germany Croatia Australia and the UK These case studies rethink how exhibitions interact with their spatial surroundings with key themes including the role of labour in creating these spaces the dualism of public and private space the impact of exhibition audiences and reception the political implications of exhibitions and the influence of institutions With an interdisciplinary range of contributors and combining a historical and contemporary outlook this is a must read for anyone designing or curating design driven museum spaces

The Future of Museum and Gallery Design
Suzanne MacLeod, Tricia Austin, Jonathan Hale, Oscar Ho Hing-Kay, 2018-06-18

The Future of Museum and Gallery Design explores new research and practice in museum design Placing a specific emphasis on social responsibility in its broadest sense the book emphasises the need for a greater understanding of the impact of museum design in the experiences of visitors in the manifestation of the vision and values of museums and galleries and in the shaping of civic spaces for culture in our shared social world The chapters included in the book propose a number of innovative approaches to museum design and museum design research Collectively contributors plead for more open and creative ways of making museums and ask that museums recognize design as a resource to be harnessed towards a form of museum making that is culturally located and makes a significant contribution to our personal social environmental and economic sustainability Such an approach demands new ways of conceptualizing museum and gallery design new ways of acknowledging the potential of design and new experimental and research led approaches to the shaping of cultural institutions internationally The Future of Museum and Gallery Design should be of great interest to academics and postgraduate students in the fields of museum studies gallery studies and heritage studies as well as architecture and design who are interested in understanding more about design as a resource in museums It should also be of great interest to museum and design practitioners and museum leaders
