and history ethnic conflict and racism international relations and political power family hopes and expectations psychology and mental health it even has a ghost story or perhaps two hidden away within it Any one of these aspects of the story would be worthy of tackling alone as the subject of an entire book For example the ghost story is something that I reflected upon often in the months and years after it happened I couldn't come to any definite conclusions on this so I'll leave this part for readers to decide for themselves Ethnic conflict and racism within the travel experience context are things I've written about before particularly in the book *Overlanding* and here as in that book this is not limited to academic research although it does include some of that but also includes first hand experience As for psychology and mental health my own downward slide into depression the way it happened the factors initially preventing it from happening and how I came back out of it could well be subjects of interest in their own right to mental health professionals for example I was tempted to write more on this subject but originally I wanted to make this a short story of moderate length All of the above may lead the reader to imagine that this story is somewhat dry and lacking in humour but that's not the case at all And the best thing about it is that it's all true But more than anything else this is a story about photography as the title implies

Tales from the Trails T. Duren Jones, 2014-05-23 An avid outdoorsman shares twenty six mostly true stories of wilderness adventure in the mountains of Colorado and across the American West Whether it's camping fishing hiking desert trail trekking or bagging peaks T Duren Jones loves the wilderness and he sure has the stories to prove it He's completed the nearly 500 miles of the Colorado Trail and reached the summit of all fifty four of Colorado's 14 000 ft peaks He's even dragged friends and family along on his escapades most of whom have survived to corroborate his tales In *Tales from the Trails* he combines elements of adventure journal and travelogue with motivational encouragement and plenty of humor This book is for anyone who loves spending time in the outdoors who wish they could be outdoors more or who simply enjoy reading about other nuts with an insatiable thirst for reaching the next peak
