

The Rise of Civil Liberties

- The Supreme Court neatly defined civil liberties in *West Virginia State Board of Education v. Barnette*: The Bill of Rights withdraws certain subjects from political controversy and places them beyond the reach of majorities and officials.
- The Bill of Rights did not apply to the states until the Fourteenth Amendment declared that no state could deprive any citizen of life, liberty, or property.
- The Court has applied the Bill of Rights to the states one right at a time between 1897 (no taking of property without compensation) and 2010 (the right to bear arms).
