Amazing Discovery Ian Tinny, 2014-07-26 Dr Rex Curry and his astounding historical achievements are studied by the author Ian Tinny including Dr Curry's discovery that 1 the USA's Pledge of Allegiance to the flag was the origin of the Nazi salute and Nazi behavior and 2 the swastika although an ancient symbol was also used to represent crossed S letters for socialism under Nazism the National Socialist German Workers Party Because of the revelations there are unexpected results Tinny and his assistants collect old photos and film footage of the early Pledge of Allegiance showing the origin of the notorious stiff armed salute The Nazi salute was performed by public officials in the USA from 1892 through 1942 What happened to old photographs and films of the American Nazi salute performed by federal state county and local officials Those photos and films are rare because people don't want to know the truth about the government's past Public officials in the USA who preceded the German socialist Hitler and the Italian socialist Mussolini were sources for the stiff armed salute and robotic chanting in those countries and other foreign countries Explore how the ancient Roman salute myth originated from the city of Rome in the state of New York not Italy Francis Bellamy's hometown Learn about Mussolini's strange gift to the city of Rome NY a statue of two human male infants suckling on a female wolf That statue remains on display in Rome NY See how Boy Scouts and Girl Scouts helped spread the Nazi salute and the swastika to Germany and elsewhere Discover how

Stalin was forced to involuntarily join the allies during WWII Discover how the military salute was the origin of the Nazi salute Read why the Pledge of Allegiance would not be performed by anyone today other than oddballs if the truth were taught in school Find out who you are what you are and how you got to be that way Also learn who you should blame your teacher and the government s schools *My Amazing Discovery* Walter V. Honek,1993 **Amazing Discoveries That Unlock the Bible** Douglas Connelly,2009-08-30 What was unearthed in Solomon s great cities Where did archaeologists learn about the great flood How do these discoveries reveal secrets about King Herod The events of the Bible may have happened long ago and far away but they happened to real people living in real places Modern archaeologists have made stunning finds over the past century or so that validate the historical accuracy of the Bible These finds allow us to understand Scriptures better by helping Bible people and places come alive in our imaginations Come along on an archaeological journey through the Old and New Testaments Here are some of the best finds that illustrate Bible history presented in beautiful full color images accompanied by clear explanations free of technical jargon You don t even have to get your hands dirty **The Collection** Chris Monaghan,2012-09 When an attempt is made to restart the particle accelerator at Geneva during August of 2015 a major disaster occurs Scientists who had gathered in Dublin found they were being called upon to solve a potential catastrophe While six personnel were the process of repairing the LHC Large Hadron Collider a void of accelerated mass is created trapping the team inside There seems little hope of survival In fact they have not gone anywhere They now existed in a massless light spectrum beyond which normal vision is not possible By rights they all should be dead crushed by the repressurisation of the LHC They soon realise changes are affecting their personalities as they are bombarded by an onslaught of highly charged protons causing actual places and events from the past come to life Bryce our hero recognises that Ellen Bryce s love interest can successfully use Mind Travel techniques to move through time and space The team using this same power focus on a particular element from the periodic table to literally move from place to place The team move from place to place until they end up in nineteenth century New Zealand and discover a Maori warrior chief with a recognisable pendant around his neck It indicates the various experiments being conducted in Geneva in 2015 Upon retrieving the pendant they set off on their mission to regain the other remaining symbols indicated on the pendant The next item is an electrum necklace located near Queen Hatshepsut s Mortuary Temple Bryce manages to steal this whilst Hatshepsut and Senenmut make love in his tomb In the skirmish that follows Jason Bryce s best friend is wounded by an Egyptian spear They manage to escape by casting Senenmut s monetary offerings into the air of the Temple of Amun The team travel to the Rome of Augustus where they collect the original Res Gestae divi Augustae from the Temple of Vesta This is to fulfil the next experiment on the Maori pendant This collection goes relatively smoothly despite a confrontation Ellen has with some Praetorian Guards The collection of the death mask of the first wanax King from beneath the Lion s Gate at Mycenae becomes problematic John defeats the king but they now bay for his blood He manages to escape with the wounded

Ellen only to be picked up by a shuttle from Fermilab in California After a fortunate earthquake at Mycenae the original team are given the job of reconstructing the damaged Cyclopean wall The Fermilab shuttle reappears with John aboard The original team find out from him that three years have elapsed within the period of the day he was absent With the death mask collected and on aboard the Fermilab rescue team departs but in doing so Jason is wounded once again In the process of collecting the original gold Phaistos disc from Crete Bryce has a sexual encounter with a princess Despite his shyness and lack of experience it was a necessary price to pay to retrieve the last item on the pendant The collecting process is becoming more of a test of survival John Affan and Babette are all seriously wounded during their time at Pozieres and their Fermilab shuttle is also damaged They are helped by Ray Palmer but it is only the beginning of their problems With LHC and Fermilab now working together they discover that an international espionage group is operating out of the Fermilab site There has been a security breach and a serious infiltration at the highest levels of the Fermilab management Billions of dollars in contributions had already been syphoned off This group had also replaced key personnel with doubles as they are systematically eliminated It is up to Bryce to put an end to their plan
