**Kenneth W. Thompson**

## Ten Presidents And The Press:

**Ten Presidents and T/Press CB** Kenneth W. Thompson, 1983-01-10 NOTE Series number is not an integer 00 The Presidents vs. the Press Harold Holzer, 2021-08-24 An award winning presidential historian offers an authoritative account of American presidents attacks on our freedom of the press including a new foreword chronicling the end of the Trump presidency The FAKE NEWS media Donald Trump has tweeted is not my enemy it is the enemy of the American People Has our free press ever faced as great a threat Perhaps not but the tension between presidents and journalists is as old as the republic itself Every president has been convinced of his own honesty and transparency every reporter who has covered the White House beat has believed with equal fervency that his or her journalistic rigor protects the country from danger Our first president George Washington was also the first to grouse about his treatment in the newspapers although he kept his complaints private Subsequent chiefs like John Adams Abraham Lincoln Woodrow Wilson and Barack Obama were not so reticent going so far as to wield executive power to overturn press freedoms and even to prosecute journalists Theodore Roosevelt was the first president to actively manage the stable of reporters who followed him doling out information steering coverage and squashing stories that interfered with his agenda It was a strategy that galvanized TR's public support but the lesson was lost on Woodrow Wilson who never accepted reporters into his inner circle Franklin Roosevelt transformed media relations forever holding more than a thousand presidential press conferences and harnessing the new power of radio at times bypassing the press altogether John F Kennedy excelled on television and charmed reporters to hide his personal life while Richard Nixon was the first to cast the press as a public enemy From the days of newsprint and pamphlets to the rise of Facebook and Twitter each president has harnessed the media whether intentional or not to imprint his own character on the office In this remarkable new history acclaimed scholar Harold Holzer examines the dual rise of the American presidency and the media that shaped it From Washington to Trump he chronicles the disputes and distrust between these core institutions that define the United States of America revealing that the essence of their confrontation is built into the fabric of the nation

Ten Presidents and the Press Kenneth W. Thompson, 1983 NOTE Series number is not an integer 00 The Press, Presidents, and Crises Brigitte Lebens Nacos, 1990 *Presidents, Prime Ministers, and the Press* Kenneth W. Thompson, 1986 NOTE Series number is not an integer 00 **The Press and the Modern Presidency** Louis W. Liebovich, 2001-06-30 Scandal and sex sell even in the serious business of presidential news coverage The media deference shown to Kennedy and the scrutiny applied to Clinton illustrate the changed relation between the two and bookend this pertinent updated 1998 Choice Outstanding Academic Book award winner Liebovich tackles misconceptions about the media's role in politics how chief executives cooperate with and manipulate the press as it suits their needs and how ratings pressures have bent coverage of elections and the Executive Branch for the worse Well written thorough and the only book to explore the changing relation between the press and the presidency in the later twentieth century students and researchers

alike will profit from reading this work written by one of America's leading scholars in the field. For students interested in communications history or contemporary American politics, it is an unparalleled introduction to the complex and intertwined workings of two of the most powerful and influential forces at work in American politics today. It furthermore provides researchers with a solid historical explanation of how both presidential politics and political news coverage have come to be popularly reviled and discounted.

**The Virginia Papers on the Presidency**

The SAGE Encyclopedia of Journalism  
Gregory A. Borchard, 2022-01-28 Journalism permeates our lives and shapes our thoughts in ways that we have long taken for granted. This set covers all significant dimensions of journalism, such as print, broadcast, and Internet journalism. U.S. and international perspectives and history, technology, legal issues, and court cases, ownership, and economics. The encyclopedia consists of signed entries from scholars, experts, and journalists.

*Franklin D. Roosevelt and the Transformation of the Supreme Court*  
Stephen K. Shaw, William D. Pederson, Michael R. Williams, 2015-04-08

Franklin D. Roosevelt appointed 10 justices to the U.S. Supreme Court more than any president except Washington, and during his presidency from 1933 to 1945, the Court gained more visibility, underwent greater change, and made more landmark decisions than it had in its previous 150 years of existence. This collection examines FDR's influence on the Supreme Court and the Court's growing influence on American life.

**Humor in the White House**  
Arthur A. Sloane, 2001-03-23 I heard one presidential candidate say that what this country needed was a president for the 90s. Ronald Reagan once said, "I was set to run again. I thought he said a president in his 90s." Abraham Lincoln, in one instance, was able to put a serious injury in a humorous light in response to a young woman's question about where a soldier was wounded. Lincoln replied, "Ma'am, the bullet that wounded him would not have wounded you." Presidents often bring a sense of humor to the White House, with them allowing the American public to catch a glimpse of their not-so-serious sides. This book examines how five of the nation's funniest chief executives—Abraham Lincoln, Calvin Coolidge, Franklin D. Roosevelt, John F. Kennedy, and Ronald Reagan—used wit and humor to their advantage during their terms as president and how their management of the Executive Branch was thereby enhanced. As a bonus, the effective use of humor by several unsuccessful presidential candidates is surveyed.

*Who Speaks for the President?*  
W. Dale Nelson, 2000-05-01 When President Warren G. Harding fell ill in 1923, Steve Early, a reporter for the Associated Press, became skeptical of the innocuous bulletins being issued by the White House. He remained at the hotel where the president was staying, and when Florence Harding called out for a doctor, Early scrambled down a fire escape to file the story. His Associated Press report was six minutes ahead of others with the news of Harding's death. A decade later, when Franklin D. Roosevelt entered the White House, Steve Early became the first person to hold the title of presidential press secretary. Mike McCurry, Jody Powell, and Marlin Fitzwater have all become familiar names. But how has the role of the White House press secretary changed over the years? We see these spokespeople

at White House briefings hear them quoted by reporters but what do they really do Whom do they really serve the president or the press In his latest book former Associated Press journalist and White House reporter W Dale Nelson provides an insightful look at what has gone on behind the scenes of the White House press podium from the 1890s to the Clinton administration Nelson draws on interviews with former press secretaries press office records and his own experience as a White House reporter to trace the history of the position from its early informal days to its present seminal role in the Clinton administration

**Harry S. Truman and the News Media** Franklin D. Mitchell, 1998 Based upon extensive research in the papers of President Harry S Truman and in several journalistic collections *Harry S Truman and the News Media* recounts the story of a once unpopular chief executive who overcame the censure of the news media to ultimately win both the public's and the press's affirmation of his personal and presidential greatness Franklin D Mitchell traces the major contours of journalism during the lifetime and presidency of Truman Although newspapers and newsmagazines are given the most emphasis reporters and columnists of the Washington news corps also figure prominently for their role in the president's news conferences and their continuing coverage of Truman and his family Broadcast journalism's expanding coverage of the president is also explored through chapters dealing with radio and television President Truman's advocacy of a liberal Fair Deal for all Americans and a prudent and visible role for the nation in world affairs drew fire from the anti-administration news media particularly the publishing empire of William Randolph Hearst the McCormick Patterson newspapers the Scripps Howard chain and the Time Life newsmagazines of Henry R Luce Despite press opposition and the almost universal prediction of defeat in the 1948 election Truman was victorious in the greatest miscalculated presidential election in journalistic history During his full term Truman's relations with the news media became contentious over such matters as national security in the Cold War the conduct of the Korean War and the continuing charges of communism and corruption in the administration Although Truman's career in politics was based on honesty and the welfare of the people his early political alliance with Thomas Pendergast Kansas City's notorious political boss provided the opportunity for a portion of the press to charge Truman with subservience to Pendergast's own agenda of corrupt government The history and the dynamics of the Truman presidency and the American news media combined with biographical and institutional sketches of key individuals and news organizations make *Harry S Truman and the News Media* a captivating and original investigation of an American president Well written and researched this book will be of great value to Truman scholars journalists and anyone interested in American history or presidential studies

**Presidency and Domestic Policy** Michael A. Genovese, Todd L. Belt, William W. Lammers, 2015-11-17 This book systematically examines the first terms of every president from FDR to Barack Obama and assesses the leadership style and policy agenda of each Success in bringing about policy change is shown to hinge on the leadership style and skill in managing a variety of institutional and public relationships The second edition of this timely book adds chapters on George W Bush and Obama and focuses on the significant domestic policy challenges of their respective

times The authors have reconfigured the analytical framework of the book to take into account the dynamic opportunity structure that emerged during the George W Bush administration The Presidency and Domestic Policy provides unique insights into contemporary presidential leadership in a highly partisan age The Partisan Press Si Sheppard,2007-11-19 This book is the first to place the contemporary debate over media bias in historical context illustrating how partisan bias in the American media has built political parties set the stage for several wars and even contributed to the rise and fall of U S presidents The author discusses the rise of the unprecedented post World War II model of objective journalism and explains why this model is breaking down under the challenge of a new generation of technology driven partisan media alternatives

Cotton Oil Press Official Monthly Bulletin of the Interstate Cotton Seed Crushers' Association ,1922 **The Iowa**

**Publisher and the Bulletin of the Iowa Press Association** ,1929 Religion in the Oval Office Gary Scott

Smith,2015-02-27 Continuing the work of Faith and the Presidency OUP 2006 Gary Scott Smith takes on eleven more US presidents and examines the role religion played in their policies personal lives and decisions *Presidents and Foreign Policy* Edward R. Drachman,Alan Shank,1997-04-25 Presidents and Foreign Policy examines countdowns to ten important and controversial decisions in the post World War II period using the case study approach The authors include one major controversy for each president from Truman to Clinton The cases cover central issues of diplomacy war and peace and covert action that shaped the Cold War period and its aftermath in all major areas of the world After reviewing the historical background of each decision each case examines the foreign and domestic policy context the effectiveness of presidential decision making and results of the decision The reader is challenged to think about each decision by responding to a unique evaluation scheme the authors developed and tested **Twenty Years in the Press Gallery** Orlando Oscar Stealey,1906

**Encyclopedia of American Journalism** Stephen L. Vaughn,2007-12-11 The Encyclopedia of American Journalism explores the distinctions found in print media radio television and the internet This work seeks to document the role of these different forms of journalism in the formation of America s understanding and reaction to political campaigns war peace protest slavery consumer rights civil rights immigration unionism feminism environmentalism globalization and more This work also explores the intersections between journalism and other phenomena in American Society such as law crime business and consumption The evolution of journalism s ethical standards is discussed as well as the important libel and defamation trials that have influenced journalistic practice its legal protection and legal responsibilities Topics covered include Associations and Organizations Historical Overview and Practice Individuals Journalism in American History Laws Acts and Legislation Print Broadcast Newsgroups and Corporations Technologies
