## Ten Laws Of Lasting Love:

*The Ten Laws of Lasting Love* Paul Pearsall, 1995-02 Drawing on his 25 years experience of counseling couples the bestselling author of *Super Marital Sex* returns with ten laws that embody everything he has learned about making the kind of relationships that last and grow more satisfying with time

*Partners in Pleasure* Paul Pearsall, 2001 This sequel to Pearsall's bestselling *The Pleasure Prescription* shows couples the way to true happiness Drawing on 2 000 year old Polynesian wisdom *Partners in Pleasure* shows how to go beyond self fulfillment to selfless shared pleasure The Foreword features rare written wisdom from a well respected kapuna Hawaiian elder

*New Millennial Sexstyles* Carol Siegel, 2000 *New Millennial Sexstyles* questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists Carol Siegel considers whether the sexual revolution may have succeeded but in ways not recognized by current academic studies of gender and sexuality In discouraging undomesticated heterosexuality academic feminism ignores the connection between mainstream opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times At the same time the youth subcultures challenges to these views of sexuality and gender have been dismissed as insignificant or misunderstood as sexist In this book they receive more respectful attention Siegel draws on her own experience as a college student to create a personal history of academic feminism's early sympathy with bourgeois values She looks at the development of American sex advice literature and at the reception of such transgressive popular films as *Basic Instinct* *Thelma and Louise* and *Natural Born Killers* to demonstrate that the most profoundly capitalist feminist theories have always been the most culturally authoritative A more encouraging vision emerges in the book's second half where a record of conversations about sex and gender with young people and of their responses to products designed for their consumption takes the reader through some of today's most radical youth cultures and suggests new directions for gender studies

*The Last Self-Help Book You'll Ever Need* Paul Pearsall, 2009-03-17 You can't love someone until you learn to love yourself Being healthy means being in touch with your feelings Never lose hope These are self evident truths right Wrong charges best selling psychologist Paul Pearsall in this provocative new book Though everyone from talk show hosts to politicians mouths these platitudes and self help bibles are a dime a dozen their advice simply hasn't helped us live happier or more satisfying lives Pearsall cites scientific evidence to challenge what he calls the McMorals of self potentialism the unsubstantiated prescriptions programs guarantees and gurus that define our pursuit of The Good Life His message is timely we're fed up with truisms masquerading as truth and hungry for self help that really helps Filled with groundbreaking research and inspiring true stories from Dr Pearsall's clinical practice *The Last Self Help Book You'll Ever Need* offers a powerful antidote to the mindless mental languishing that characterizes so much of modern life The solution is not just to get tough and suck it up Instead Pearsall
