Aardman Animations Annabelle Honess Roe, 2020-02-06 The Bristol based animation company Aardman is best known for its most famous creations *Wallace and Gromit* and *Shaun the Sheep* But despite the quintessentially British aesthetic and tone of its movies this very British studio continues to enjoy international box office success with movies such as *Shaun the Sheep Movie* *Flushed Away* and *Wallace and Gromit: Curse of the Were-Rabbit* Aardman has always been closely linked with one of its key animators Nick Park and its stop motion Plasticine modelled family films but it has more recently begun to experiment with modern digital filmmaking effects that either emulate Claymation methods or form a hybrid animation style This unique volume brings together leading film and animation scholars with children's media animation professionals to explore the production practices behind Aardman's creativity its history from its early shorts to contemporary hits how its films fit within traditions of British animation social realism and fantasy cinema the key personalities who have formed its ethos its representations of Britishness on screen and the implications of traditional animation methods in a digital era

Growing Sideways in Twenty-first Century British Culture Anne Malewski, 2021-12-15 This volume examines changing boundaries between childhood and adulthood in British society and culture at the beginning of the twenty first century where these age boundaries are widely debated policed and contested to investigate alternatives to conventional ideas of growing up Building on observations especially in children's literature criticism that human growth is shaped by a grand narrative that privileges adulthood and on terminologies of non normative growth particularly in queer theory this monograph develops growing sideways as a concept that queers this grand narrative by destabilising childhood and adulthood and the boundaries between them The concept is refined through close readings of twenty first century British children's literature television series film and participatory events troubling age boundaries via specific strategies in three conceptual areas appearance play and space Exploring power structures around age and gender this monograph traces growing sideways as a distinct and important alternative discourse of human growth

The Widow's Tale Mick Jackson, 2010-04-01 A newly widowed woman has done a

runner She just jumped in her car abandoned her very nice house in north London and kept on driving until she reached the Norfolk coast Now she's rented a tiny cottage and holed herself away there if only to escape the ceaseless sympathy and insincere concern She's not quite sure but thinks she may be having a bit of a breakdown Or perhaps this sense of dislocation is perfectly normal in the circumstances All she knows is that she can't sleep and may be drinking a little more than she ought to But as her story unfolds we discover that her marriage was far from perfect That it was in fact full of frustration and disappointment as well as one or two significant secrets and that by running away to this particular village she might actually be making her own personal pilgrimage By turns elegiac and highly comical *The Widow's Tale* conjures up this most defiantly unapologetic of narrators as she begins to pick over the wreckage of her life and decide what has real value and what she should leave behind
