Benner, 2021-06-28 All previous Biblical Hebrew lexicons have provided a modern western definition and perspective to Hebrew roots and words This prevents the reader of the Bible from seeing the ancient authors original intent of the passages This is the first Biblical Hebrew lexicon that defines each Hebrew word within its original Ancient Hebrew cultural meaning One of the major differences between the Modern Western mind and the Ancient Hebrew's is that their mind related all words and their meanings to a concrete concept For instance the Hebrew word *chai* is normally translated as life a western abstract meaning but the original Hebrew concrete meaning of this word is the stomach In the Ancient Hebrew mind a full stomach is a sign of a full life The Hebrew language is a root system oriented language and the lexicon is divided into sections reflecting this root system Each word of the Hebrew Bible is grouped within its roots and is defined according to its original ancient cultural meaning Also included in each word entry are its alternative spellings King James translations of the word and Strong's number Indexes are included to assist with finding a word within the lexicon according to its spelling definition King James translation or Strong's number Wilderness Camping & Hiking Paul Tawrell, 2008-03-18 The aim of this book is to entertain its readers to alert readers to the potential dangers and emergencies that might occur in the wilderness and how to avoid them **Survivor's Science in the Forest** Peter D.
